D. Rights and Responsibilities of Recipients

Fair Evaluation of Financial Need

Wes Watkins Technology Center employs the Federal Needs Analysis Methodology in assessing financial need and eligibility for Title IV campus based assistance. The federal need analysis methodology is based on a five-point philosophy of financial aid:

- To the extent that they are able, parents have the primary responsibility to pay for their children's education.
- Parents will, as they are able, contribute funds for their son and daughter's education.
- Students, as well as their parents, have a responsibility to help pay for their education.
- The family should be accepted in its present financial condition.
- A needs analysis system must evaluate families in a consistent and equitable manner, while recognizing that special circumstances can and do alter a family's ability to contribute. In assessing financial need, the goal is to treat applicants uniformly and fairly. To this end, we employ the federal need analysis methodology to assess financial need.

Briefly, for dependent students, three broad categories of a family's resources are examined in need analysis. They are Parent's Income (the Available Income Concept), Parent's Assets (the Income Supplement Concept) and Student Resources (including
summer earnings, veteran's benefits, and other similar benefits.) For independent students, income and assets are examined.

Wes Watkins Technology Center Responsibilities

Wes Watkins Technology Center’s responsibilities’ in regards to Title IV funds:

- Providing students information regarding return calculations;
- Identifying students who are affected by this policy and completing the return of Title IV funds calculation for those students;
- Returning any Title IV funds due the Title IV programs.

Student’s Responsibilities

The student has the following responsibilities in regards to return to Title IV funds:

- Returning to the Title IV programs any funds that were dispersed to the student in which the student was determined to be ineligible for via the Return of Title IV funds calculation.
- Any notification of withdrawal should be in writing and addressed to the appropriate institutional official.

Honesty in Use of Financial Assistance and Reporting of Resources and Changes

Students receiving federal and institutional assistance are required to sign a statement on the Free Application for Federal Student Aid (FAFSA) which certifies that funds awarded will be used solely for expenses connected with attendance at this institution. The applications also specify that the applicant has given accurate (true) information.

E. How Need is Determined

1. Federal Needs Analysis Methodology

   Federal Needs Analysis Methodology is methodology for determine the Expected Family Contribution (EFC) for a student, as well as his/her Cost of Attendance (COA).

   a. Cost of Attendance

   The Cost of Attendance is the total amount it will cost to go to school—usually expressed as a yearly figure. The COA covers tuition and fees on campus, room and board, or housing and food allowance for off-campus student; and allowances for books, supplies, transportation, child care, costs related to a disability, and miscellaneous expenses.

   b. Expected Family Contribution (EFC)

   The Expected Family Contribution is the amount that indicates how much of a student’s family financial resources should be available to help pay for school. The EFC can
include a parental contribution in the case of a dependant student; and in the case of an independent student, a student (and spouse, if applicable) contribution.

The available income of the student and his/her spouse, and in the case of a dependant student, the student’s parents; available income is considered in determining the EFC; as well as the number of dependents in the family, the number of dependents in the family who are enrolled at least half-time in post-secondary education, and the assets of the student and his/her spouse, and in the case of dependent student, the student’s parents’ assets. Other items considered in determining the EFC can be obtained from the financial aid office upon request.

2. Use of Professional Judgement

Professional judgment is a discretionary decision or professional opinion reached on the basis of the experience of a financial aid administrator. The professional judgment decisions of this department will be applied on an individual case-by-case basis, and will only be made to data items in the cost of attendance and the need analysis (determination of the Expected Family Contribution). Data used in Professional Judgment decisions will be submitted via FAA Access to CPS On-line.

3. Institutional Costs

a. Tuition

All post-secondary students pay tuition according to the following 2014-2015 schedules:

Pell Grant Program

The Pell Grant Program (formerly Basic Educational Opportunity Grant) is a federally funded grant program which provides from $650.00 up to $5,730.00 to post-secondary students enrolled at least half time.

The application process for Federal Title IV aid programs is as follows:

Students must complete a "Free Application for Federal Student Aid" form. Application forms are free and may be obtained from the Financial Aid Officer or online at www.fafsa.ed.gov. Application forms can also be obtained by calling the Federal Student Aid Information Center at 1-800-4-FED AID, or may be filled out online at www.fafsa.ed.gov. Students are directed to read the instructions carefully when completing the FAFSA. All records and other materials used in completing the application should be saved. This information may be needed later to prove the information submitted is correct. This process is called verification. After submitting the FAFSA, the student will receive a Student Aid Report (SAR) stating eligibility. These reports include a summary of application information and the determination of an eligibility index. This index is the result of computations involving the financial and non-financial data submitted on the application. The method for computing eligibility applies to all dependent and independent students uniformly. The specific computations involved in the calculation may be obtained by contacting the Financial Aid Office.

Eligibility Requirements

A student will not be entitled to receive Pell Grant payments from more than one institution concurrently. Eligibility is restricted to students who have not earned a Bachelor's degree.

Criteria for Selecting Recipients from Group of Eligible Applicants

All students who are eligible will be paid.

Criteria for Determining Amount of Student’s Aid

Grants amounts are based upon: Tuition cost for major plus Pell Grant living allowances.

- Enrollment status of student (i.e., full or part time).
- Length of major and length of time student is enrolled.
- Payment schedule revised annually by federal government and available for inspection in Financial Aid Office.
Method and Frequency of Disbursement
Students receive their first payment (one-half of their awards) within the first 7-8 weeks after their starting date or when all necessary paperwork has been submitted to the financial aid office. Students are paid the first time based on their enrollment and good standing and pending they have a valid ISIR/SAR on file prior to the end of student's first pay period. Disbursements thereafter are based on satisfactory progress, completion of seat/curriculum hours, and attendance in the first payment period (Refer to SAP policy). If this is a subsequent (not first ever received) Pell disbursement, student must have maintained satisfactory progress for previous pay period. Most majors at WWTC have two payment periods per award year, and Pell Grants will typically be disbursed twice a year, dependent upon when the student enrolled in the major, and on whether the majority of the hours in a payment period fall within that award year. Nursing students may receive up to four (4) disbursements during the 15-18 month program.

Oklahoma Tuition Aid Grant (OTAG)
Student State Incentive Grants (SSIG) are known as Oklahoma Tuition Aid Grants (OTAG) in this state. These grants pay up to 75% of the cost of tuition and fees for 9 months to eligible residents of Oklahoma.

Application Procedures
The student must complete the Oklahoma residency section on the Free Application for Federal Student Aid (FAFSA).

Eligibility Requirements
To be eligible for a grant and to receive payments a student must:
- Meet requirements set forth when applying for Federal Financial Aid.
- Be enrolled or accepted for enrollment as post-secondary (undergraduate) student.
- Have substantial financial need as determined annually in accordance with OTAG criteria.
- Be a resident of Oklahoma
- Maintain satisfactory progress and attendance in his/her course of study.
- Not be in default on a Guaranteed Student Loan or Parent Loan for undergraduate students received for attending any institution.
- Not owe a refund on a Title IV grant received from any institution.
- Sign the statement on the FAFSA that money received will be used solely for expenses related to attendance or continued attendance at WWTC.

Criteria for Selecting Recipients from Group of Eligible Applicants
Eligible applicants are funded to the limit of available funds on a first come, first served basis. Deadlines for application are established yearly. The Oklahoma Regents for Higher Education awards the funds.
**Criteria for Determining Amount of Student's Aid**

Grant amounts are based on:

- Financial need: awards run from 5 to 75% of tuition and fee costs for 9 months depending upon applicant's financial strength.
- Costs at the school applicant attends
- Oklahoma Board of Regents makes final decisions.

**Method and Frequency of Disbursement**

Students are advised of awards on their award letter. Payment is by check, usually twice during a nine-month enrollment period. Checks are sent to the school and disbursed by student services. If the check is received from Oklahoma State Regents on a Monday, Tuesday, or Wednesday, students will receive payment on Friday of the current week. G. SATISFACTORY ACADEMIC PROGRESS (SAP)

Federal regulations require Wes Watkins Technology Center to establish, publish, and apply satisfactory academic progress (SAP) standards for all student financial aid recipients. The Financial Aid Office is responsible for ensuring that all students who receive financial aid Wes Watkins Technology Center meet these standards. However all students at Wes Watkins Technology Center will have to abide by these standards, regardless if the student is not eligible/receiving Title IV assistance. SAP standards apply for all federal, state and institutional grants.

Evaluation Criteria

1. Not exceed maximum number of hours to complete major,
2. Maintain a cumulative grade average of a C (79%) AND
3. Maintain a pace toward career major completion by successfully completing at least 90% of total hours attempted.

Example:
A student who has attempted a total hours of 480 must have successfully completed at least 432 hours to meet the requirement (480 x .90=432).

Students may take 110% of the time to complete their major, however taking more than 100% to complete the major may require student to pay extra tuition and fees. Also the student will not be eligible for additional PELL funding for the current major enrolled.

Cumulative Grade Average: Each student’s cumulative grade will be reviewed at the completion of each payment period using a progress report provided to the Financial Aid
Officer by the student’s instructor. Students must maintain a cumulative grade of C or better for all past course work. Completed courses for which a grade of A, B, C, or D, is earned.

In order for a student to receive Title IV assistance, a student must be enrolled in and attending an approved program at least half-time, to be considered a regular student, make satisfactory academic progress, be on schedule, and be in good standing. Satisfactory Academic Progress means that a student is proceeding in a positive manner toward certificate requirements in a normal pace of time.

Initially this means the student is admissible to an education program as demonstrated by the student, the student has a diploma of GED. Later this means that the student is performing well enough in terms of the institution’s satisfactory progression policy to continue enrollment.

**Evaluation Frequency**

Student’s progression will be checked at the end of their payment period. For majors that are one academic year, this means they will be assessed after the first 450 hours completed.

The first disbursement of Title IV funds for first time entering students will be reviewed for attendance violation only. At the end of their first payment period students must be making satisfactory progress according to the standards stated above. Other students with previous coursework at Wes Watkins Technology Center must have maintained satisfactory progress for that previous course work in order to receive initial or further assistance.

It is important that **ALL** standards be met to be considered making satisfactory progress, and to continue to receive Title IV Assistance.

All standards must be met for students to be in compliance with the progression policy and continually receive Title IV funding.

**Unsatisfactory Progress**

Students who fail to meet minimum requirements at the end of a payment period will be placed on a Financial Aid Hold. If a student is placed on Financial Aid Hold, the SAP will be rechecked after 60 days. At that time if a student is making progress, they will receive their Pell at the next monthly disbursement. If the student is not making progress, the Financial Aid will be suspended and will not be eligible for Title IV. However, the student may appeal the loss of their Title IV eligibility.

**Appeal Process**

A student who losses their financial aid eligibility due to their inability to make SAP after a financial aid warning period and thus placed on Academic Probation, with a loss of Title IV eligibility will have the right to appeal.
A student, who wishes to appeal Academic Probation Status and loss of Title IV eligibility, must submit a written request to the Financial Aid Officer within ten (10) days of being notified that they are in a non-satisfactory progress status.

The student must describe any unusual circumstance(s) that the student believes deserve special consideration. The basis on which a student may file an appeal: death of a relative, an injury, or illness of the student or other special circumstance. The student must provide information as to why they did not make SAP and what has changed that will allow them to make SAP by the next evaluation point.

Once the Financial Aid Officer receives the appeal, they will evaluate the appeal and provide a decision within ten (10) business days. The Financial Aid Officer will notify the student in writing of the decision and all decisions are final.

**Treatment of Leave of Absence, Withdrawals, and Course Incompletes**

WWTC does not have a Leave of Absence Policy.

Students who withdraw prior to completion of the course and are approved to re-enroll will return in the same satisfactory academic progress status as at the time of withdrawal as long as it is within 180 days of withdrawal.

Course incompletes, repetitions and non-credit remedial courses do not apply to this institution's form of instruction. The school does not issue incompletes and does not offer non-credit remedial courses. Students do not repeat courses. All hours are considered attempted. It is not possible for students to withdraw from a particular course with the major. Students withdrawing from school will receive credit for all work successfully completed up to the point of withdrawal. Transfer clock hours received will not be included in the calculation of the student’s grade average; however these hours will be counted toward the quantitative measures.

**H. RETAKING COURSEWORK (Returning Student)**

If a student withdrawals and then reenters the same major within 180 days, the student is put back into the same payment period and any federal student aid funds the student or the school returned are repaid to the student. The student cannot receive payment for repeating coursework. A student who withdraws from a program and reenters the same program after 180 days will be treated the same as a student who transfers into the program from another school. The program length will be reduced by the number of hours the student receives credit for. The reduced program length is used to determine the new payment periods and periods of enrollment. The student immediately begins a new payment period or period of enrollment and can be paid for repeating coursework as the student is receiving credit for the repeated course. A student who completes an entire clock hour program and later re-enrolls to take that same program again, or to take another program, may be paid for repeating the coursework regardless of the amount of time between completion of the first
 Students wanting to repeat a course must check with their instructor and Instructional Leader. A repeated class is **NOT** eligible for federal financial aid and does not count toward the number of completed hours in the progression policy.

### I. TRANSFER OF CREDIT (Prior Learning Credit)

Students accepted into a Wes Watkins Technology Center major who have attended other vocational training centers of post-secondary education facilities may have prior credit that can be accepted. Transcripts of prior credit will be reviewed for transfer of credit and prior credit will be given when applicable. A review of prior credit is initiated by the student by informing either the instructor, Director of Instruction. Application is made and credit is reviewed by the instructor and the Instructional Leader for approval. Students enrolling at Wes Watkins Technology Center who have previous educational experiences will be asked to provide a transcript indicating both courses taken and grades received at previous institutions. Students with previous military service will also be asked to provide AARTS, SMART, CGI, AND CCAR transcripts.

If prior learning credit (PLC) is granted to a student, the credit would be documented in the student’s file, and the student will not be charged tuition or fees (if applicable) for the PLC hours. The student’s transcript will show the letters “AS” which will indicate they received prior credit. The student may also see a reduction in Title IV aid they will be eligible.

**Note:** A student that receives prior learning credits will have fewer hours than students enrolled for the complete major. Therefore PLC students can be assessed at different times and will complete their major sooner than someone enrolled for the complete major. Please check with your instructor to see when you will complete your major once you find your application for PLC has been granted.

### J. Prior Learning Credit for Veterans

Effective beginning with the 2013-2014 school year, Wes Watkins Technology Center will award credit (toward completion of a career major) to students honorably discharged from the Armed Forces of the United States within three years of initial enrollment. This credit will be based on educational experiences, training and/or work experience which replace the learning/competency attainment that would take place in a recognized course offered by the Technology Center. The Guide to the Evaluation of Educational Experiences in the Armed Services, published by the American Council on Education will be the guide used for comparing experiences to educational requirements.
SECTION III: INSTITUTIONAL INFORMATION

A. Institutional Refund Policy

If a student withdraws within the first week of enrollment period, eighty percent (80%) of paid tuition for current enrollment period will be refunded. If a student withdraws within the first two weeks of enrollment period, fifty percent (50%) will be refunded. A refund request after the third week of enrollment period will be denied.

Wes Watkins Technology Center does not have a buy-back policy for books. Persons requesting a refund should expect a minimum of three (3) weeks from the date of refund request approval to receipt of refund check.

Request for Refund form should be completed by individual and submitted to the Financial Aid Officer. It will then be taken to the business office to be processed. Students will either be notified that payment is ready to be picked up by a student service representative or it will be mailed.

B. Return of Title IV Funds (R2T4)

Title IV funds are awarded to a student under the assumption that the student will attend school for the entire period for which the assistance is awarded. When a student withdraws, the student may no longer be eligible for the full amount of Title IV funds the student was originally scheduled to receive. This is also applicable if the student ceases attendance for any other reason (i.e. early completer) prior to completing the entire period for which assistance was awarded.

Withdrawal Before 60%

The school must perform a R2T4 to determine the amount of earned aid up through the 60% point in each payment period and use the Department of Education’s prorate schedule to determine the amount of R2T4 funds the student has earned at the time of withdrawal. After the 60% point in the payment period or period of enrollment, a student has earned 100% of the Title IV funds he or she was scheduled to receive during the period.

Wes Watkins Technology Center has 45 days from the date it is determined the student withdrew to return all unearned funds for which it is responsible. Wes Watkins Technology Center is required to notify the student if they owe a repayment in writing. The student will then have 14 calendar days from the date of notice to accept a post withdrawal disbursement. If a response is not received from the student within the specified time frame or if the student chooses to decline the funds, Wes Watkins Technology Center will return any earned funds to the Title IV program. Post-withdraw disbursements may occur with 90 days of the date that the student withdrew.
Withdrawal After 60%
For a student who withdraws after the 60% point-in-time, there are no unearned funds. However, the school will still calculate eligibility for a post-withdrawal disbursement.

Since instructors are required by Wes Watkins Technology Center to take attendance, the student's withdrawal date must be listed as the student's last day of academically related attendance.
The funds owed to the grant program by the student will be reported to NSLDS as an overpayment.

CALCULATION EXAMPLE:
(a) Divide the number of clock hours scheduled to be completed in the payment period as of the last date of attendance in the payment period by the total clock hours in the payment period.

\[
\text{HOURS SCHEDULED TO COMPLETE} = \frac{\% \text{ EARNED}}{\text{TOTAL HOURS IN PAYMENT PERIOD}}
\]
(b) If percentage is greater than 60%, the student earns 100%
(c) If percentage is less than or equal to 60%, proceeds with calculation

Distribution of Funds
Return to Title IV Funds will be allocated in the following order:
- Federal Pell Grants

C. Post Withdrawal Disbursement of Title IV Funds
If the Return to Title IV Funds calculation determines the student receives less federal aid money than the amount earned, Wes Watkins Technology Centers will make a disbursement of the earned aid that was not disbursed if the student has met all other eligibility requirements (ex. satisfactory progress, completed hours from previous pay period). Per the regulations, Wes Watkins Technology Center will credit a student's account with a post-withdrawal disbursement for current tuition costs. Wes Watkins Technology Center will also credit a student’s account for outstanding book charges based on prior written approval received from the student. Earned funds in excess of tuition and/or books will be provided to the student. Wes Watkins Technology Center will send notification no later than 30 calendar days after the date the Financial Aid Officer determines the student withdrew. The student will be advised they have 14 calendar days from the date the school sent notification to accept the disbursement. If the student submits a timely response, Wes Watkins Technology Center will disburse the funds within 180 days of the date the school determines the student withdrew.
D. Date of Withdrawal
The date of withdrawal is determined by the date the student began the official withdrawal process by notifying Student Services of their intent to withdraw, or the verifiable date the student attempted to drop.

The official withdrawal policy is fully stated in the Wes Watkins Technology Center Student Handbook/Consumer Information Handbook.

Unofficial Withdrawal
Students who do not complete a withdrawal form are considered an unofficial withdrawal. If a student misses (5) consecutive days, without notifying the school, students will be subject to dismissal. Wes Watkins Technology Center will use the students last day of academically related attendance as their withdrawal date for reporting dates to the Department of Education. Students receiving financial aid may owe the school or the Department of Education money.

SECTION IV: Verification
Verification is the process of checking the accuracy of information submitted by applicants when they apply for financial aid. Selected students will be required to verify the accuracy of family financial and other data before any Title IV funds are disbursed.

A. Individuals Selected for Verification
If a Pell Grant application is selected by CPS for verification, an asterisk will appear by the EFC, and comments will appear on part one of the SAR and page one of the ISIR addressing the verification requirements. Although the school has the option of processing one Pell payment without verifying the application, this school does not take that option due to the risk of financial liability. Even though schools have the authority to verify any applicant, Wes Watkins Technology Center only verifies those applicants who are chosen by the federal processor or who have conflicting information comments. Students who are selected for verification by the processor or by the Financial Aid Office in cases of conflicting information must submit the signed and completed verification form along with the supporting documentation such as tax returns.

If after verification is complete the school and student cannot resolve conflicts that may occur or if the student disagrees with decisions regarding verification, the case will be referred to the U.S. Department of Education, Student Validation Branch. A copy of the school's policies and procedures manual is located in the student services office, the Superintendent's office, and other staff offices throughout the school.
C. Drug Free School & Workplace

It is the policy of the Board of Education of Wes Watkins Technology Center District #25 that all students and employees of the District be aware of the District's program to maintain a drug-free environment.

Students and employees who manufacture, distribute, dispense, possess, or use controlled substances, including anabolic steroids or alcohol, shall be subject to disciplinary action. Such disciplinary action may include long-term suspension or expulsion for student and termination of employment for employees. In addition to suspension, expulsion and/or termination, students and employees are subject to referral for prosecution under applicable laws.

Employees are required as a condition of employment and by Public Law 100-690, to report to their supervisor any criminal convictions for drug-related actions.

1. Any employee convicted of violating a criminal drug statute in this workplace must inform the school of such conviction (including pleas of guilty and nolo contendere) within five (5) days of the conviction occurring. Failure to inform the school subjects the employee to disciplinary action up to and including termination for the first offense.

2. The District must notify federal funding sources within ten (10) days after receiving notice from the employee or otherwise receiving actual notice of such a conviction.

3. The District reserves the right to offer employees convicted of violating a criminal statute in the workplace participation in an approved rehabilitation or drug abuse assistance program. If such a program is offered and accepted by the employee, then the employee must satisfactorily participate in the program as a condition of continued employment.

Various state and federal laws impose severe penalties for the use, possession or sale of controlled substances. The Federal Controlled Substance Act, 21 United States Code Annotated (U.S.C.A.) and the Comprehensive Drug Abuse and Control Act of 1970, 21 U.S.C.A., Section 848, provides federal sanctions and the Uniform Controlled Dangerous Substances Act, Oklahoma Statutes, Title 63, Section 2-101, and others, plus various criminal statutes provide state sanctions.

Chemical dependence is a contagious, progressive disease that does not disappear of its own accord. Because drugs have a destructive impact on the brain, regular users lose control over their behavior, and most of them find it extremely difficult to stop using drugs without outside intervention. Using a drug just "one time" predisposes a person to try it again because that person has apparently violated a taboo with impunity. Any student or employee of this school district who believes that he or she may have a problem with drug abuse may be referred to appropriate local agencies for counseling, treatment or
rehabilitation. For additional information concerning assistance available or for District's Plan of Operation, please refer to the school counselor.

D. Constitution Day

In 2004, Sen. Robert Byrd, (D-WV) inserted language into the Consolidated Appropriations act of 2005, requiring educational institutions receiving federal funds, as well as federal agencies, to implement an annual education program related to the United States Constitution beginning on September 17, 2005. September 17 is the date which commemorates the 1787 signing of the Constitution. On May 24, 2005, the U.S. Department of Education issued a Notice of Implementation, indicating that all educational institutions receiving federal funding must provide an educational program pertaining to United States Constitution. For the purpose of this requirement, "educational institutions" includes but is not limited to "local educational agencies" and "institutions of higher education" receiving Federal funding. Section 111 (b) of the Consolidated Appropriations Act of 2005, designates September 17 as the date on which educational institutions are required to hold “Constitution Day programming”, however, during the years when September 17 occurs on a Saturday, Sunday, or holiday, the program must be held during either the preceding or following week. (Federal Register/Vol. 70, No. 99/Tuesday, May 24, 2005).

Wes Watkins Technology Center distributes pocket size constitution booklets to students in addition to giving students a trivial test.
