DISCRIMINATION, HARASSMENT AND RETALIATION

It is the policy that sexual harassment by an individual under jurisdiction of Wes Watkins Technology Center is expressly prohibited. Persons determined to have engaged in sexual harassment of any kind shall be subject to disciplinary sanctions, which may include dismissal as an employee and/or as a student.

The district prohibits discrimination, harassment or retaliation based on real or perceived race, color, sex, pregnancy, gender, gender identity or expression, national origin, religion, disability, veteran status, sexual orientation, age, or genetic information. This prohibition applies to students, employees and board members in any aspect of the district's programs, including during school hours, extracurricular activities, technology center sponsored events, or outside of school hours if the conduct affects the education or working environment.

The Superintendent shall select at the beginning of the school year two (2) Title IX Officers, one (1) male and one (1) female. Either officer shall have the authority to handle any case involving allegation of sexual harassment referred to him or her without regard to gender of the complainant. Employees chosen by the Superintendent to be Title IX Officers shall be presented to the Board for final approval.

Definition

“Harassment” means repetitive, unwelcome conduct which is based on a person's real or perceived race, color, sex, pregnancy, gender, gender identity or expression, national origin, religion, disability, veteran status, sexual orientation, age, or genetic information.

Examples of harassment include, but are not limited to: slurs, epithets, insults, jokes or derogatory comments; verbal or physical abuse; intimidation (physical, verbal, or psychological); impeding or blocking a person's movement; unwelcome touching, crude jokes or pictures, discussions of sexual experiences, teasing related to sexual characteristics, pressure for sexual activity whether written, verbal or through physical gestures, display or sending of pornographic pictures or objects, obscene graffiti, and spreading rumors related to a person's alleged sexual activities. Demeaning comments about a student's ability to excel in a class historically considered a “boy's” or a “girl's” subject may also constitute harassment.

“Sexual Harassment” is a type of harassment which includes unwelcome sexual advances, requests for sexual favors, or other verbal or physical conduct of a sexual nature which:

- is made an explicit or implicit term or condition of an employee’s employment or a student’s ability to obtain an education; or
- is used as a basis for decisions impacting either an employee’s employment or a student’s education; or
- has the purpose or effect of unreasonably or substantially interfering with an employee’s work performance or a student’s educational performance, or creating an intimidating, hostile, or offensive environment.

In order to constitute sexual harassment, the conduct at issue must be unwelcome. Sexual conduct between minor students and employees will always be considered unwelcome. Sexual harassment also includes conduct such as rape, sexual assault, stalking, and any other form of sexual violence.

Sexual harassment may occur between persons of the same gender or sex.

Nothing in this policy precludes legitimate, nonsexual physical contact to avoid physical harm to persons or property.

Actions

Sexual harassment actions include, but are not limited to, the following:

1. Unwelcome sexual flirtation, advances, or propositions;
2. Verbal or written abuse of sexual nature, including suggestive jokes and innuendoes;
3. Sexually degrading words used to describe an individual's body;
4. Sexually suggestive objects or pictures in the workplace;
5. Unreasonable differential treatment based on gender.

Reporting

Students who have been harassed or discriminated against, or who witness such conduct, are encouraged to report the offensive conduct to any instructor, counselor, administrator, or board member.

The Superintendent shall select at the beginning of the school year a Title VI Officer. The officer shall have the authority to handle any case involving allegation of racial harassment referred to him or her without regard to race of the complainant. Employee chosen by the superintendent to be Title VI Officer shall be presented to the Board for final approval.

STUDENT BULLYING

Statement of Legislative Mandate and Purpose

This policy is a result of the legislative mandate and public policy embodied in the School Safety and Bullying Prevention Act, 10 OKLA. STAT § 24-100.2 et seq. ("Act"). WWTC intends to comply with the mandates of the Act and expects students to refrain from bullying. Bullying is expressly forbidden and students who bully are subject to disciplinary consequences as outlined in WWTC's policy on student behavior. Bullies may also be provided with assistance to end their unacceptable behavior, and targets of bullies may be provided with assistance to overcome the negative effects of bullying.

Definition of Terms

1. Statutory definition of terms:

"Bully" means any pattern of harassment, intimidation, threatening behavior, physical acts, verbal or electronic communication directed toward a student or group of students that results in or is reasonably perceived as being done with the intent to cause negative educational or physical results for the targeted individual or group and is communicated in such a way as to disrupt or interfere with the school's educational mission or the education of any student.

"Threatening behavior" means any pattern of behavior or isolated action, whether or not it is directed at another person, that a reasonable person would believe indicates potential for future harm to students, school personnel, or school property.

"Electronic communication" means the communication of any written, verbal, pictorial information or video content by means of an electronic device, including, but not limited to, a telephone, a mobile or cellular telephone or other wireless telecommunication device, or a computer.

Note: Bullying by electronic communication is prohibited whether or not such communication originated at school, or with school equipment, if the communication is specifically directed at students or school personnel and concerns bullying at school.

"At school" means on technology center grounds, in technology center vehicles, at technology center sponsored activities, or at technology center sanctioned events.

2. The "Reasonable Person" Standard

In determining what a "reasonable person" should recognize as bullying, staff will consider the point of view of the intended target, including any characteristics unique to the intended target. Staff may also consider the discipline history and physical characteristics of the alleged bully.

3. Types of Bullying

"Physical Bullying" includes harm or threatened harm to another's body or property, including but not limited to threats, tripping, hitting, pushing, pinching, pulling hair,

kicking, biting, starting fights, daring others to fight, stealing or destroying property, extortion, assaults with a weapon, other violent acts, and homicide.

"Emotional Bullying" includes the intentional infliction of harm to another's self-esteem, including but not limited to insulting or profane remarks or gestures, or harassing and frightening statements.

"Social Bullying" includes harm to another's group acceptance, including but not limited to gossiping; spreading negative rumors to cause a targeted person to be socially excluded, ridiculed, or otherwise lose status; acts designed to publicly embarrass a targeted person, damage the target's current relationships, or deprive the target of self-confidence or the respect of peers.

"Sexual Bullying" includes harm of a sexual nature, including but not limited to making unwelcome sexual comments or gestures to or about the targeted person; creating or distributing vulgar, profane or lewd words or images about the target; committing a sexual act at school, including touching private parts of the target's body; engaging in off-campus dating violence that adversely affects the target's education opportunities; making threatening sexual statements directed at or about the target; or gossiping about the target's sexuality or sex life. Such conduct may also constitute sexual harassment which is prohibited by WWTC.

Understanding and Preventing Bullying

A full copy of this policy will be posted on WWTC's website and included in all handbooks. Parents, guardians, community members, and volunteers will be notified of the availability of this policy through WWTC's annual written notice of the availability of the anti-bullying policy. Written notice of the policy will also be posted at various places in all campuses.

Students and staff will be periodically reminded throughout the year of the availability of this policy, WWTC's commitment to preventing bullying, and help available for those affected by bullying. Anti-bullying programs will be incorporated into WWTC's other violence prevention efforts.

All staff will receive annual training regarding preventing, identifying, reporting, and managing bullying. WWTC's bullying coordinator and individuals designated as campus investigators will receive additional training regarding appropriate consequences and remedial action for bullies, helping targets of bullies, and WWTC's strategy for counseling and referral for those affected by bullying. Students will receive annual education regarding behavioral expectations, understanding bullying and its negative effects, disciplinary consequences for infractions, reporting methods, and consequences for those who knowingly make false reports. Parents and guardians of minors may participate in a parent education component.

Student Reporting

Students are encouraged to inform school personnel if they are the target of or a witness to bullying. To make a report, students should notify a teacher, counselor, or campus administrator. The employee will give the student an official report form, and will help the student complete the form, if needed.

Students may make an anonymous report of bullying, and such report will be investigated as thoroughly as possible. However, it is often difficult to fully investigate claims which are made anonymously and disciplinary action cannot be taken against a bully solely on the basis of an anonymous report.

Staff Reporting

Staff members will encourage students to report bullying. All employees are required to report acts of bullying to the campus director on an official report form. Any staff member who witnesses, hears about, or suspects bullying is required to submit a report.

Bullying Investigators

Each campus will have a designated individual and an alternate to investigate bullying reports. These individuals will be identified in the site's student and staff handbooks, on WWTC's website, and in the bullying prevention education provided annually to students and staff. WWTC's anti-bullying program is coordinated at the district level by its Bullying Coordinator, Linda Sanford, Instructional Leader.

Investigating Bullying Reports

For any alleged incidents of bullying reported to technology center officials, the designated official will investigate the alleged incident(s) and determine (i) whether bullying occurred, (ii) the severity of the incident(s), (iii) the potential for future violence, and (iv) the reason for the actual or perceived bullying.

In conducting an investigation, the designated official shall interview relevant students and staff and review any documentation of the alleged incident(s). Technology center officials may also work with outside professionals, such as local law enforcement, as deemed appropriate by the investigating official. In the event the investigator believes a criminal act may have been committed or there is a likelihood of violence, the investigator will immediately call local law enforcement and the superintendent.

At the conclusion of the investigation, the designated employee will document the steps taken to review the matter, the conclusions reached and any additional action taken, if applicable. Further, the investigator will notify the district's Bullying Coordinator that an investigation has occurred and the results of the investigation. In the event the investigation reveals that bullying occurred, WWTC's bullying coordinator will refer the student who committed the act of bullying to a delinquency prevention and diversion program through the Office of Juvenile Affairs.

Upon completion of an investigation, the campus director may recommend that available community mental health care or substance abuse options be provided to a student, if appropriate. The campus director may provide a student with information about the types of support services available to the student bully, target, and any other students affected by the prohibited behavior. These resources will be provided to any individual who requests such assistance or will be provided if a technology center official believes the resource might be of assistance to the student/family. WWTC is not responsible for paying for these services. No technology center employee is expected to evaluate the appropriateness or the quality of the resource provided, nor is any employee required to provide an exhaustive list of resources available. All technology center employees will act in good faith.

WWTC may request the disclosure of information concerning students who have received substance abuse or mental health care (pursuant to the previous paragraph) if that information indicates an explicit threat to the safety of students or school personnel, provided the disclosure of the information does not violate the requirements and provisions of the Family Educational Rights and Privacy Act of 1974, the Health Insurance Portability and Accountability Act of 1996, OKLA. STAT. tit. 12 § 1376, OKLA. STAT. tit. 59 §1376 of the Oklahoma Statutes, or any other state or federal laws regarding the disclosure of confidential information. WWTC may request the disclosure of information when it is believed that the student may have posed a danger to him/herself and having such information will allow technology center officials to determine if it is safe for the student to return to the regular classroom or if alternative education arrangements are needed.

Parental Notification for Minor Students

The assigned investigator will notify the parents (minor students only) of a target within one (1) school day that a bullying report has been received. Within one (1) school day of the conclusion of the investigation, the investigator will provide the parents (minor students only) of a target with the results of the investigation and any community resources deemed appropriate to the situation.

If the report of bullying is substantiated, within one (1) school day of the conclusion of the investigation, the investigator will contact the parents (minor students only) of the bully to discuss disciplinary action and any community resources deemed appropriate to the situation.

The timelines in this parental notification section may be reasonably extended if individual circumstances warrant such an extension.

Parental Responsibilities

All parents/guardians of minor students will be informed in writing of WWTC's program to stop bullying and will be given a copy of this policy upon request. An administrative response to a reported act of bullying may involve certain actions to be taken by parents of minor students.

Parents of minor students will be informed of the program and the means for students to report bullying acts toward them or other students. They will also be told that to help prevent bullying at school they should encourage their children to:

- Report bullying when it occurs;
- Take advantage of opportunities to talk to their children about bullying;
- Inform the administration immediately if they think their child is being bullied or is bullying other students;
- Watch for symptoms that their child may be a target of bullying and report those symptoms; and
- Cooperate fully with technology center personnel in identifying and resolving incidents.

Monitoring and Compliance

In order to assist the State Department of Education with compliance efforts pursuant to the School Safety and Bullying Prevention Act, 70 OKLA. STAT. § 24-100.2 et seq., WWTC will identify a Bullying Coordinator--who will serve as the contact responsible for providing information to the State Board of Education. The Bullying Coordinator shall maintain updated contact information on file with the State Department of Education and WWTC will notify the State Department of Education within fifteen (15) days of the appointment of a new Bullying Coordinator.

A copy of this policy will be submitted to the State Department of Education by December 10th of each school year as part of WWTC's Annual Performance Report. Reference: OKLA.STAT. Title 70 § 24-100.2

Respondent: The person alleged to be responsible for the alleged discrimination contained in a complaint. The term may be used to designate persons with responsibility for a particular action or those persons with supervisory responsibility for procedures and policies in those areas covered in the complaint.

Day: Day means a working day when WWTC's main administrative offices are open. The calculation of days in complaint processing shall exclude Saturdays, Sundays and legal holidays.

Pre-Filing Procedures

Prior to the filing of a written complaint, the student, parent/guardian of a minor student, employee or patron is encouraged to visit with the campus director or the Coordinator, as applicable, and reasonable effort should be made by WWTC at this level to resolve the problem or complaint.

Filing, Investigation, Hearing and Review Procedures

The Grievant submits a written complaint to one of the Coordinators, as applicable, stating the basis, nature and date of the alleged discrimination, harassment or retaliation, the names of persons responsible (where known) and requested action. If the applicable Coordinator is the person alleged to have committed the discriminatory act(s), then the complaint should be submitted to the superintendent for assignment. Complaint forms are available from the offices of the district's Coordinators.

The Coordinator conducts a complete and impartial investigation within 10 days of receiving the complaint, to the extent reasonably possible, which shall include but not be limited to, interviewing the Grievant and any witnesses, review of documents and interviewing the Respondent. The Coordinator will ask the Respondent to (a) confirm or deny facts; (b) indicate acceptance or rejection of the Grievant's requested action; and (c) outline alternatives.

As to complaints of discrimination by students, parents/guardians of minors, and school employees, the Coordinator will disclose the complaint, the identity of the Grievant and information regarding the person who allegedly committed the discriminatory act only to the extent necessary to fully investigate the complaint and only when the disclosure is required or permitted by law. If a Grievant wishes to remain anonymous, the Coordinator will advise him or her that such confidentiality may limit the district's ability to fully respond to the complaint. If a Grievant asks to remain anonymous, the Coordinator will still proceed with the investigation.

Within five (5) days after completing the investigation, the applicable Coordinator will issue a written decision to the Grievant and Respondent.

If the Grievant or Respondent is not satisfied with the decision, he or she must notify the applicable Coordinator, in writing, within five (5) days and request an appeal to the superintendent. The written appeal shall contain a specific statement explaining the basis for the appeal.

Within five (5) days after receiving the appeal request, the applicable Coordinator will refer the matter to the superintendent for a hearing. If the superintendent is the person alleged to have committed the discriminatory act(s), then a different decision maker will be appointed to maintain impartiality. The Coordinator will schedule the hearing with the Grievant, the Respondent and the superintendent. The hearing will be conducted within 0 days after the Coordinator refers the matter to the superintendent for hearing.

At the hearing, the superintendent will review the information collected through the investigation and may ask for additional oral or written evidence from the parties and any other individual he or she deems relevant. The applicable Coordinator will make arrangements to audiotape any oral evidence presented. In circumstances involving allegations of sexual harassment, the Coordinator may determine that it is appropriate and reasonable to separate the individual who is allegedly being sexually harassed from the alleged harasser in the hearing.

Within five (5) days after completing the investigation the superintendent will issue a written decision to the Grievant and Respondent.

If the Grievant or Respondent is not happy with the decision, he or she must notify the superintendent, in writing, within five (5) days, and request an appeal to the board of education. The written appeal shall contain a specific statement explaining the basis of the appeal.

The Superintendent will notify the board of education, in writing, within five (5) days after receiving the appeal. The clerk will place the appeal on a board agenda within 30 days from the date of notification to the board of education.

The Board will act as an appellate body by reviewing the decisions and the oral and written evidence presented below and making a decision. At the board meeting, the board may ask for oral or written evidence from the parties and any other individual it deems relevant. The clerk will make arrangements to audiotape any oral evidence presented. Within five (5) days of the meeting, the board will issue a final decision in writing to all parties involved.

General Provisions

Extension of time: Any time limits set by these procedures may be extended by mutual consent of the parties involved. The total number of days from the date the complaint is filed until the board of education issues a final decision shall be no more than 120 days.

Access to Regulations: Upon request, the Coordinator shall provide copies of any regulations prohibiting discrimination on the basis of race, color, sex, pregnancy, gender, gender expression or identity, national origin, religion, disability, veteran status, sexual orientation, age, or genetic information.

Confidentiality of Records: Complaint records will remain confidential, to the extent allowed by law, unless permission is given by the parties involved to release such information. All complaint records will be kept separate from any other records of the district. No complaint record shall be entered in any personnel file unless adverse employment action is taken against an employee. Complaint records shall be maintained on file for three years after complaint resolution.

Representation: The Grievant and the Respondent may have a representative assist them through the grievance process and accompany them to any hearing.

Corrective Action: After all facts and circumstances are reviewed, the district shall take any and all disciplinary actions to prevent further harassment or discrimination. Possible disciplinary or remedial actions include, but are not limited to: education, training and counseling, transfer, and/or suspension of a secondary student, expulsion of an adult student, and education, training, counseling, transfer, suspension and/or termination of an employee.

Retaliation: The district prohibits retaliation, intimidation, threats, or coercion of any person for opposing discrimination or for participating in the district's discrimination complaint process or making a complaint, testifying, assisting, appealing, or participating in any other discrimination complaint proceeding or hearing. The district will take steps to prevent the alleged perpetrator or anyone else at the district from retaliating against the alleged victim or any person who acts to oppose discrimination or participates in the complaint process. These steps include notifying students and employees that they are protected from retaliation, making sure that victims know how to report future problems and making follow-up inquiries to see if there have been any new incidents. If retaliation occurs, the district will take strong responsive action.

Basis of Decision: At each step in the grievance procedure, the decision maker will take or recommend the taking of appropriate measures based on the facts, as revealed by the investigation and hearing, taken as a whole, and the totality of the circumstances, such as the nature, extent, context and gravity of the activities or incidents.

GENERAL INFORMATION

Exposure Control

1. **ALL STUDENTS** will receive safety training in exposure to Bloodborne (i.e. AIDS, Hepatitis B) and Airborne Pathogens (i.e. flue, cold, and virus).
2. **ALL STUDENTS** enrolled in health related programs (Practical Nursing, Surgical Technology, and Health Careers Technology) must have a Hepatitis B inoculation series completed or have signed a waiver prior to clinical training or clinical observation.

Asbestos

No Asbestos Containing Materials (ACM) have been found in any of our buildings on the main campus. A copy of the AHERA Management Plan is available for your inspection at the Superintendent's office. You may make copies of any portion of the plan or the entire plan at a nominal cost to you for reproduction of copies.

Insurance

Due to the nature of the courses offered at WWTC there is a possibility of students being injured while working with the various machinery and equipment used in our classes. We recommend that if you are not covered under family insurance and hospitalization plans, you purchase an accident insurance policy. The Board of Education does **NOT** assume the responsibility for payment of hospital, doctor, or ambulance fees.

Campus Maps

A detailed map of individual campus buildings is located in each classroom. Instructors will orient students on evacuation procedures including fire, lockdown and severe weather drills.

Equipment and Books

You will be working with expensive equipment. Your training program will include care and maintenance of this equipment. Please assume responsibility for keeping equipment, books, classrooms, furniture, and tools from excessive wear and abuse. Broken or damaged equipment should be reported immediately to your instructor so it can be repaired without further damage. **You may be expected to pay for damage resulting from improper use of school property and equipment.**

Inclement Weather

When weather conditions make driving unsafe and when other schools in the area are closed, the Administration will make the decision regarding the operation or closing of WWTC and its programs.

The School Messenger system will be used to notify all students of school cancellations or late starts. It exists so that all students can be contacted as early as possible should it be known that school will not be held the next day. It is the student's responsibility to notify Student Services of correct phone number.

If the decision is made to close the school, the various television stations will be advised as soon as possible. Television Channels KFOR 4 OKC, KTUL 8 Tulsa and KWTN 9 OKC will be contacted. **Due to high calling volume, we may not get through to each station. Please check more than one station.** Therefore, unless an announcement is made to the contrary, all day and evening classes will be open. Announcements must specifically state that WWTC is closed. Closing any other school in the district does not automatically mean the WWTC is closed.

When other conditions, such as power failure, water main break, etc., create an environment which may be unsafe or constitute a health hazard, the same procedures as indicated above will be used to advise those concerned.

Partner School Closings

The school calendar is determined after consultation with partner schools. You are expected to attend WWTC whenever the bus runs, even though other students may be excused because their partner school is closed.

Emergency Procedures

Emergency procedures for fire and weather are posted in each classroom. Students should become familiar with these procedures.

Appearance

It is difficult to find employment for students who go to extremes in dress or appearance. Prospective employers visit our school frequently and are very conscious of the appearance of the students. Therefore, it is necessary to dress as if you were going to work. DRESS FOR SUCCESS.

Dress and personal grooming should not present health or safety problems, cause disruption of the education process, or offend the common standards of our community.

Some departments may require you to wear clothing regularly worn in related occupations. Some examples of unacceptable attire are:

1. Bare feet;
2. See-through clothing;
3. Bare midriffs;
4. Clothing that depicts alcohol or drug use;
5. Muscle shirts, Tank Tops, Undershirts;
6. Excessively short skirts and shorts;
7. Sexually suggestive logos and sayings;
8. House shoes or pajamas - EXCEPTION: High school only – Approved partner school activity.
9. Baggy jeans or sagging jeans;
10. Underwear may not be visible.

STUDENT POLICIES

DRUG AND ALCOHOL POLICY FOR ALL ADULT HEALTH STUDENTS

Wes Watkins Technology Center (“WWTC”), with the intent that all adult students enrolled in health career programs have notice and knowledge of the ramifications of alcohol and illegal chemical substance use, possession, purchase, sale or distribution when the student is on school property, at a school sponsored event, in school vehicles, or going to or from a school sponsored event, hereby adopts the following policy.

Statement of Purpose and Intent

1. The safety of patients served by the WWTC students enrolled in health career programs is paramount concern to WWTC.

2. Adult students who use drugs or alcohol pose serious safety risks to patients, as well as other students and employees of WWTC and clinical facilities, at which students engage in clinical practice rotations.
3. The use of alcohol and illegal chemical substances has a direct and adverse effect on the safety, personal health, attendance, productivity and quality of work of all students.
4. Recent scientific studies demonstrate that the use of alcohol and/or illegal chemical substances reduces an individual's ability to perform beyond the time period of immediate consumption or use.
5. Due to the devastating impact that the use of alcohol and/or illegal chemical substances can have on the safety of patients, students, and employees of WWTC and various clinical facilities at which students enrolled in health career programs may perform clinical work, as well as the adverse effect alcohol and illegal chemical substances can have on a student's ability to perform in a clinical setting, WWTC will not tolerate students who use, possess, distribute, purchase, sell or are under the influence of illegal chemical substances or alcohol.
6. This Policy will apply to all adult students of WWTC who are enrolled in health career programs.
7. Violations of this Policy will subject the adult student to disciplinary action, including, but not limited to, immediate dismissal from WWTC.

Definitions

1. "Illegal chemical substance" or "drug" means any substance which an individual may not sell, possess, use, distribute or purchase under either Federal or Oklahoma law. "Illegal chemical substance" includes, but is not limited to, all scheduled drugs as defined by the Oklahoma uniform Controlled Dangerous Substances Act, all prescription drugs obtained without authorization, and all prescribed drugs and over the counter drugs being used for an abusive purpose. By way of example only, the drugs which may be tested for are: amphetamines, cannabinoids, cocaine, phencyclidine (PCP), hallucinogens, methaqualone, opiates, barbiturates, benzodiazepines, synthetic narcotics, designer drugs, or any metabolite of any of these substances.
2. "Alcohol" means ethyl alcohol or ethanol and includes "low point" beer.
3. "Under the influence" means a student of WWTC who has any alcohol or illegal chemical substance or the metabolites thereof present in the student's body in any amount which is considered to be "positive" for such alcohol or drug or drug metabolites using any scientifically substantiated alcohol or drug use screen test and alcohol or drug use confirm test.
4. "Positive" when referring to an alcohol or drug use test administered under this Policy means a toxicological test result which is considered to demonstrate the presence of alcohol or an illegal chemical substance or the metabolites thereof using the cutoff standards or levels determined by the State Board of Health for drug or alcohol testing of students or in the absence of such State Board cutoff levels, the cutoff levels customarily established by the testing laboratory administering the alcohol or drug use test.
5. "School property" means any property owned, leased, rented or used by WWTC, including but not limited to school buildings, parking lots and motor vehicles.

6. “Drug or alcohol use test” means a chemical test administered for the purpose of determining the presence or absence of alcohol or illegal chemical substances or their metabolites in a student’s blood, bodily tissue, fluids, products, urine, breath or hair.
7. “Random selection” or “random selection basis” means a mechanism for selecting students for alcohol and/or drug testing that:
 - A. Results in an equal probability that any student from a group of students subject to the selection mechanism will be selected; and
 - B. Does not give WWTC discretion to waive the selection of any student selected under the mechanism.
8. “Reasonable suspicion” means a belief that a student is using or has used alcohol or drugs in violation of this Policy drawn from specific objective and articulable facts and reasonable inferences drawn from those facts in the light of experience, and may be based upon, among other things:
 - A. Observable phenomena, such as:
 - (1) the physical symptoms or manifestations of being under the influence of alcohol or a drug while on school property, at a school sponsored event, in school vehicles, or going to or from a school sponsored event, or
 - (2) the direct observation of alcohol or drug use while on school property, at a school sponsored event, in school vehicles, or going to or from a school sponsored event;
 - B. A report of drug or alcohol use while on school property, at a school sponsored event, in school vehicles, or going to or from a school sponsored event, provided by reliable and credible sources;
 - C. Evidence that a student has tampered with an alcohol or drug test; or
 - D. Evidence that a student is involved in the use, possession, sale, solicitation or transfer of alcohol or drugs while on school property, at a school sponsored event, in school vehicles, or going to or from a school sponsored event.

Procedures for Alcohol or Illegal Chemical Substance Testing

1. Any alcohol or drug use test administered under the terms of this Policy will be administered by or at the direction of a professional laboratory licensed by the Oklahoma State Department of Health and using scientifically validated toxicological methods that comply with rules promulgated by the State Department of Health. The professional laboratory shall be required to have detailed written specifications to assure chain of custody of the samples, proper labeling, proper laboratory control and scientific testing, with all samples to be taken under the supervision of appropriate laboratory employees at a school site or site designated by the laboratory. All aspects of the alcohol and drug use testing program, including the taking of samples, will be conducted so as to safeguard the personal and privacy rights of students to the maximum degree possible and shall be conducted under reasonably sanitary conditions. The test sample shall be obtained in a manner which minimizes its intrusiveness. In the case of urine samples, the samples must be collected in a restroom or other private facility behind a closed stall; a sample shall be

collected in sufficient quantity for splitting into two (2) separate samples, pursuant to rules of the State Board of Health, to provide for any subsequent independent confirming analysis of the first sample; the test monitor shall not observe any student while the sample is being produced, but the test monitor may be present outside the stall to listen for the normal sounds of urination in order to guard against tampered samples and to insure an accurate chain of custody; and the test monitor may verify the normal warmth and appearance of the sample. If at any time during the testing procedure the test monitor has reason to believe or suspect that a student is tampering with the sample, the test monitor may stop the procedure and inform the test coordinator. The test monitor shall be of the same gender as the student giving the sample. If a student is determined to have tampered with any specimen or otherwise engaged in any conduct which disrupts the testing process of any student, then the student will be deemed to have violated this policy and will be subject to disciplinary action, including, but not limited to, immediate dismissal from WWTC. The test monitor shall give each student a form on which the student may, but shall not be required to, list any medications he has taken or any other legitimate reasons for his having been in recent contact with alcohol or illegal chemical substances.

2. If the initial drug use test is positive for the presence of an illegal chemical substance or the metabolites thereof, the initial test result will be subject to confirmation by a second and different test of the same sample. The second test will use the gas chromatography/mass spectroscopy technique or an equivalent scientifically accepted method of equal or greater accuracy as approved by rules of the State Board of Health, at the cutoff levels determined by Board rules. A student will not be subject to disciplinary procedures unless the second test is positive for the presence of illegal chemical substances or the metabolites thereof.
3. If an initial alcohol use test is positive for the presence of alcohol, the initial test result will be subject to confirmation by a second test using any scientifically accepted method approved by rules of the State Board of Health, at the cutoff levels determined by Board rules.
4. Upon written request, the student will be furnished with a free copy of all test results performed under this Policy. All test records and results will be confidential and kept in files separate from the student's cumulative records. All tests required of a student by WWTC under this Policy shall be at the adult student's expense.
5. Any student who is subject to disciplinary action as a result of testing positive (with confirmation by a second and different test) for an illegal chemical substance, for being under the influence of alcohol or an illegal chemical substance while on school property, at a school sponsored event, in school vehicles or going to or from a school sponsored event will be given a reasonable opportunity, in confidence, to explain or rebut the alcohol or drug use test results. If the student asserts that the positive test results are caused by something other than consumption of alcohol or an illegal chemical substance by the student, then the student will be given an opportunity to present evidence that the positive test result was produced by something other than consumption of alcohol or an illegal chemical substance. WWTC will rely on the opinion of the laboratory which performed the tests in determining whether the positive test result was produced by something other than consumption of alcohol or an illegal chemical substance.

6. The laboratory reports and results of alcohol and drug use testing will be maintained on a confidential basis except as otherwise required by law. The laboratory performing alcohol or drug use tests for WWTC will not report on or disclose to WWTC any physical or mental condition affecting a student which may be discovered in the examination of a sample other than the presence of alcohol or illegal chemical substances or the metabolites thereof. The use of samples to test for any other substances will not be permitted.

Adult Student Alcohol and Drug Use Tests – When Required

1. Adult health career students will be tested for drugs and/or alcohol prior to the start of the fall semester of each school year, and/or upon their admission to a health career program, and/or at the beginning of the health career program in which enrolled.
2. Adult student enrolled in a health career program will be tested for drugs and/or alcohol prior to the start of their participation in any type of clinical practice if required by WWTC or a facility at which the student will participate in clinical practice.
3. Adult students enrolled in health career programs may be tested for drugs and/or alcohol at any time on a random selection basis. The decision of when to conduct drug and/or alcohol testing on a random selection basis is entirely within the discretion of WWTC.
4. Adult student enrolled in a health career program whose behavior while on school property, at a school sponsored event, in school vehicles, or going to or from a school sponsored event creates a reasonable suspicion that the student is under the influence of alcohol or an illegal chemical substance may be required to take an alcohol and/or drug use test. Nothing in this Policy shall require alcohol and/or drug use testing of any student nor prohibit WWTC from disciplining any student in the absence of an alcohol or drug use test of the student.
5. Adult student who refuses or fails to participate in or cooperate with any part of the testing process will be deemed to have violated this policy and will be subject to disciplinary action, including, but not limited to, dismissal from WWTC, to the same extent as if the student tested positive for the presence of alcohol or an illegal chemical substance.

Persons Authorized to Order Alcohol or Drug Testing

1. The following persons have the authority to require alcohol or drug use testing of students under this Policy:
 - A. The Superintendent of WWTC; or
 - B. Any employee of WWTC designated by the Superintendent or the School Board to exercise such authority.

Due Process Procedures

Any secondary school student who is subject to an out-of-school suspension for violation of this Policy shall be afforded appropriate due process procedures consistent with that required to be provided to common high school students under Oklahoma law. ***Adult education students have no due process rights and are subject to immediate dismissal from WWTC without due process procedures.***

Circulation of Policy

This policy shall be given broad circulation to all WWTC adult students enrolled in health career programs, which shall include prominent posting at various places in WWTC.

DRUG-FREE SCHOOL AND WORKPLACE

It is the policy of the Board of Education of WWTC District 25 that all students and employees of the District be aware of the District's program to maintain a drug-free environment.

Students and employees who manufacture, distribute, dispense, possess, or use controlled substances, including anabolic steroids or alcohol, shall be subject to disciplinary action. Such disciplinary action may include long-term suspension or expulsion for student and termination of employment for employees. In addition to suspension, expulsion and/or termination, students and employees are subject to referral for prosecution under applicable laws.

Employees are required as a condition of employment and by Public Law 100-690, to report to their supervisor any criminal convictions for drug-related actions.

1. Any employee convicted of violating a criminal drug statute in this workplace must inform the school of such conviction (including pleas of guilty and nolo contendere) within five (5) days of the conviction occurring. Failure to inform the school subjects the employee to disciplinary action up to and including termination for the first offense.
2. The District must notify federal funding sources within ten (10) days after receiving notice from the employee or otherwise receiving actual notice of such a conviction.
3. The District reserves the right to offer employees convicted of violating a criminal statute in the workplace participation in an approved rehabilitation or drug abuse assistance program. If such a program is offered and accepted by the employee, then the employee must satisfactorily participate in the program as a condition of continued employment.

Various state and federal laws impose severe penalties for the use, possession or sale of controlled substances. The Federal Controlled Substance Act, 21 United States Code Annotated (U.S.C.A.) and the Comprehensive Drug Abuse and Control Act of 1970, 21 U.S.C.A., Section 848, provides federal sanctions and the Uniform Controlled Dangerous Substances Act, Oklahoma Statutes, Title 63, Section 2-101, and others, plus various criminal statutes provide state sanctions.

Chemical dependence is a contagious, progressive disease that does not disappear of its own accord. Because drugs have a destructive impact on the brain, regular users lose control over their behavior, and most of them find it extremely difficult to stop using drugs without outside intervention. Using a drug just "one time" predisposes a person to try it again because that person has apparently violated a taboo with impunity. Any student or employee of this school district who believes that he or she may have a problem with drug abuse may be referred to appropriate

local agencies for counseling, treatment or rehabilitation. For additional information concerning assistance available or for District's Plan of Operation, please refer to the school counselor.

ENROLLMENT

High School Students

Permanent residents of the WWTC District 25, who are attending classes in an Oklahoma high school, shall be exempt from paying tuition.

Adult Students

WWTC shall admit persons who are above compulsory school age who have the need or can benefit from the training offered at the school. High school diploma or GED is not required except for the Practical Nursing Program and the Surgical Technology Program. However, participation in the Federal Financial Aid program requires a high school diploma or GED. All students will be assessed and counseled in regard to class selection. Minimum scores in reading and/or math may be required in certain programs. Adult tuition will vary for students in and out-of-district and according to length of program.

Returned Check

It is the policy of the Board of Education of WWTC District #25 to charge a service charge in the amount of ten dollars (\$10) on any returned check made payable to the district.

Directory Information Policy

The Family Educational Rights and Privacy Act (FERPA), a federal law, requires that WWTC, with certain exceptions, obtain your written consent prior to the disclosure of personally identifiable information from your or your minor child's education records. However, WWTC may disclose appropriately designated "Directory information" without written consent, unless you have advised WWTC to the contrary in accordance with technology center procedures. The primary purpose of directory information is to allow WWTC to include this type of information from education records in certain school publications. Examples include:

1. Recognition lists;
2. Graduation programs; and
3. Press releases.

Directory information, which is information that is generally not considered harmful or an invasion of privacy if released, can also be disclosed to outside organizations without a prior written consent. In addition, two federal laws require local educational agencies (LEAs) receiving assistance under the Elementary and Secondary Education Act of 1965 (ESEA) to provide

military recruiters, upon request, with three directory information categories – names, addresses and telephone listings – unless parents have advised the LEA that they do not want their minor child’s information disclosed without their prior written consent.

If you do not want WWTC to disclose directory information from you or your minor child’s education records without your prior written consent, you must notify the superintendent in writing. WWTC has designated the following information as “directory information,” and it will disclose that information without prior written consent:

1. The student’s name;
2. The student’s address;
3. The student’s telephone listing;
4. The student’s date and place of birth;
5. The student’s dates of attendance;
6. The student’s grade level (i.e., 11th grade, 12th grade, etc.);
7. The student’s degrees, honors and awards received;
8. The most recent educational agency or institution attended;
9. The student’s photograph; and
10. The student’s electronic mail address.
11. The student’s participation in officially recognized activities.

Notification of Rights Under FERPA

The Family Educational Rights and Privacy Act (FERPA) (20 U.S.C. § 1232g; 34 CFR Part 99) is a Federal law that affords parents of minor students and "eligible students" over 18 years of age certain rights with respect to the student's education records. They are:

The right to inspect and review the student's education records within 45 days from the day WWTC receives a request for access.

Parents of minor students or eligible students must submit a written request to the campus director or appropriate technology center official that identifies the record(s) they wish to inspect. This administrator will make arrangements for access to the education records and will notify the parent of a minor student or eligible student of the time and place where these records may be inspected.

The right to request correction of the student's education records that the parent of a minor student or eligible student believes inaccurate, misleading or otherwise in violation of the student's privacy rights.

Parents of minor students or eligible students may ask WWTC to amend a record they believe is inaccurate, misleading or otherwise in violation of the student's privacy rights. They must submit a written request to the campus director or appropriate technology center official, clearly identify the part of the record they want changed, and specify why it is inaccurate, misleading or otherwise in violation of the student's privacy rights.

If WWTC decides not make changes in the record as requested, WWTC must notify the minor student's parent or eligible student of the decision and advise them of their right to a hearing regarding the request for correction. Additional information about hearing procedures will be provided to the minor student's parent or eligible student at the time of this notification.

The right to consent to disclosures of personally identifiable information contained in the student's education records, except to the extent that FERPA authorizes disclosure without consent (34 CFR § 99.31).

Any questions concerning parental and/or student rights and responsibilities under the Family Educational Rights and Privacy Act should be referred to the Director of Instruction. The school's FERPA policy is contained in the Board of Education's Policies and Procedures Manual. A copy of the school's FERPA policy is available upon request. A copy of the school's Policies and Procedures Manual is located in the student services office, the Superintendent's office, and other staff offices throughout the school.

L. No. 106-554 and 47 U.S.C. §254(h)].

Definitions

Key terms as defined in the Children's Internet Protection Act:

Access to Inappropriate Material

To the extent practical, technology protection measures (or "Internet Filters") shall be used to block or filter Internet (or other forms of electronic or digital communications) access to inappropriate information. Specifically, as required by the Children's Internet Protection Act, blocking shall be applied to visual depictions of material deemed obscene or child pornography, or to any material deemed harmful to minors. Subject to staff supervision, technology protection measures may be disabled or, in the case of minors, minimized only for bona fide research or other lawful purposes.

Inappropriate Network Usage

Any individual who uses WWTC's resources to access the Internet or engage in any electronic or digital communication is required to participate in WWTC's education efforts (undertaken pursuant to the Children's Internet Protection Act) and comply with the district's acceptable use policy.

Supervision and Monitoring

All employees are responsible for supervising and monitoring minor student's use of the Internet in accordance with WWTC's policies and the Children's Internet Protection Act. WWTC's IT director shall establish and implement procedures regarding technology protection measures. No individual will be permitted to use the school's technology resources in a manner inconsistent with WWTC's policies.

Personal Safety

Illegal Activities

Engaging in illegal and prohibited activities involving use of the school's technology is prohibited. The emerging and fast-paced developments in technology make it impossible for WWTC to anticipate every potential use or misuse of its technology resources. Accordingly, users are instructed that WWTC's technology not to be used for illegal activities. Among other things, users are expected to abide by the following:

1. Users shall not plagiarize works that are found on the Internet or any other electronic resources. Plagiarism is presenting the ideas or writings of others, as one's own.
2. Users shall respect the rights of copyright owners. Copyright infringement occurs when the user inappropriately reproduces a work that is protected by a copyright. Users shall not illegally copy protected works, or make copies of such works available. Users are responsible for observing any copyright or licensing agreement that may apply when downloading materials. Users may not download any material for which a fee or license agreement is required without the approval of appropriate technology center supervisory personnel. 3. Technology center staff will not support or maintain any computer operating system or application software that does not meet technology center standards.
4. Illegal installation of copyrighted software is prohibited. Illegal copying of software from any technology center computer, network, or program diskette is prohibited. Computer software and data protected under copyright laws may not be downloaded or uploaded to a computer owned or leased by WWTC without the written consent of the copyright holder. Any software or data located on a computer or file server owned or leased by WWTC found to be in violation of copyright laws will be removed.

Security of WWTC's Technology

WWTC spends substantial monies to provide students and staff with technology resources appropriate for the diverse educational and training interests associated with education objectives in a technology rich world. Users are required to adhere to the highest standards of use to avoid compromise or destruction of WWTC's resources. Security with respect to WWTC's technology resources requires adherence to the following:

1. Users shall access the Internet in a manner which does not compromise the security and integrity of WWTC's technology resources, such as allowing intruders or viruses into WWTC's technology resources. Users wishing to download any document, file or software from non-technology center sources must observe technology center policies and procedures for virus checking and system security.
2. Users are responsible for their individual logon passwords and e-mail account passwords and should take all reasonable precautions to prevent others from being able to use these passwords. Users shall not share e-mail passwords, provide e-mail access to an unauthorized user, or access another user's e-mail without authorization.

6. The administration, faculty or staff of WWTC may request a system administrator to deny, revoke or suspend specific user accounts for violation of these policies or procedures.

Inappropriate Communications

Inappropriate communications are prohibited and can result in removal of access, or other disciplinary action. Users must adhere to the following directives:

1. Users shall not use, view, download, copy, send, post or access obscene, profane, lewd, vulgar, rude, inflammatory, threatening, or disrespectful information, communications, language, images or video, or material that advocates illegal acts, violence, or discrimination towards others. Restrictions against inappropriate language, images or

video apply to public messages, private messages, material posted on web pages, and files stored or created on WWTC's technology resources.

2. If a user mistakenly accesses inappropriate information, the user must immediately inform his/her teacher or the network supervisor of the location of that information.
3. Parents or guardians should instruct the secondary school student user if there is additional material that they think it would be inappropriate for their child to access. WWTC fully expects that secondary school student users will follow the instructions of their parents or guardians in this matter.
4. Users shall not post information that could cause damage or pose a danger of disruption of the operations of the technology resources or WWTC.
5. Users shall not harass another person. Harassment is persistently acting in a manner that distresses or annoys another person. If a user is told by another person to stop any activity which that person finds harassing, the user must stop immediately. Individuals who believe they are the victim of harassment should immediately contact their supervisor, campus administrator, or the Superintendent.
6. Users shall not knowingly or with reckless indifference post messages that are false or defame or libel any person or organization, or that infringe the privacy rights of others.

Acceptable Use of Internet and Electronic and Digital Communications Devices Policy

The forms of electronic and digital communications change rapidly. This policy addresses common existing forms of electronic and digital communication (email, texting, blogging, tweeting, posting, etc.) but is intended to cover any new form of electronic or digital communication which utilizes a computer, phone or other digital or electronic device.

As a part of the resources available to students and employees, WWTC provides Internet access at the campus and at its administrative offices. WWTC intends for this resource to be used for educational purposes and not to be used for conduct which is harmful. This policy outlines WWTC's expectations regarding Internet access. The ability to access the Internet while on technology center property is a privilege and not a right. Access cannot be granted until an individual has completed an "Internet Access Agreement" and access may be revoked at any time.

Any individual using technology center resources to engage in electronic or digital communications has no expectation of privacy. Further, employees and students must be cognizant of the fact that electronic or digital communications which occur on private equipment are often permanently available and may be available to school administrators.

Employees and students are expected to use good judgment in all their electronic or digital communications - whether such activities occur on or off campus or whether the activity uses personal or school technology. Any electronic or digital communication which can be considered inappropriate, harassing, intimidating, threatening or bullying to an employee or student of WWTC - regardless of whether the activity uses technology center equipment or occurs during school/work hours - is strictly forbidden. Employees and students face the possibility of penalties, including student suspension or dismissal and employee termination, for failing to abide by technology center policies when accessing and using electronic or digital communications.

The Internet provides users the ability to quickly access information on any topic - even topics which are considered harmful to minors. WWTC's IT department has attempted to filter this access in order to protect students from harmful content. In the event inappropriate material is inadvertently accessed, students should promptly report the site to their instructor so that other students can be protected. No individual is permitted to circumvent WWTC's privacy settings by accessing blocked content through alternate methods. In the event an employee needs access to blocked content, he/she should make arrangements through the campus director or IT director.

Although WWTC's IT department has taken appropriate steps to block offensive material, users may unwittingly encounter offensive material. All users of WWTC's electronic resources are required to exercise personal responsibility for the material they access, send or display, and must not engage in electronic conduct which is prohibited by law or policy. If a student inadvertently accesses or receives offensive material, he/she should report the communication to the assigned instructor. If an employee accesses or receives offensive material, he/she should report the communication to the campus director or IT director. No individual is permitted to access, view or distribute materials which are inappropriate or create a hostile environment.

Internet Access -Terms and Conditions

Acceptable Use - Students. Students agree to access material in furtherance of educational goals or for personal leisure and recreational use which does not otherwise violate this policy. No student may make an electronic or digital communication which disrupts the education environment - even if that communication is made outside of school or on personal equipment. Types of electronic or digital communications which can disrupt the education environment include, but are not limited to:

- Sexting
- Harassing, intimidating, threatening or bullying posts, tweets, blogs, images, texts, etc.
- Distributing pictures, recordings or information which is harmful or embarrassing

Students who engage in electronic or digital communications which disrupt the education environment are subject to disciplinary action, including suspension or dismissal from school. Depending on the nature of the electronic or digital communication, students may also be subject to civil and criminal penalties.

Acceptable Use – Employees. Employees agree to access material in furtherance of educational goals, including research and professional development. Employees are also permitted to judiciously use WWTC's electronic resources for limited personal use, provided that the use is of no cost to WWTC, does not preempt business activity, impede productivity, or otherwise interfere with work responsibilities. Electronic or digital communications made using technology center owned equipment must be professional in nature and cannot be used for the exercise of the employee's free speech rights.

Any electronic or digital communication in which the employee can be identified as an employee of WWTC - regardless of whether the communication is made with technology center owned

equipment or during work hours - must be a professional communication. Accordingly, if the individual is identifiable as a technology center employee, electronic or digital communications must not contain sexual, harassing, discriminatory or immoral content. Further, the communication cannot promote the use of tobacco, drugs, alcohol or be otherwise inconsistent with WWTC's objectives.

Employees are permitted to utilize electronic or digital communications with students provided the communication is available to all students of a specific group. For example, a teacher may create a dedicated site for all his/her students, or an activity sponsor may send a group text to all members of the team. In order to engage in any electronic or digital communications with students, an employee must make arrangements through the campus director prior to the start of the year/season and must provide the parents of minor students with a written plan for the electronic or digital communications. Any employee who engages in unauthorized or inappropriate electronic or digital communication with students is acting outside the scope of his/her employment with WWTC.

Prohibited Use. Users specifically agree that they will not use the Internet to access material which is: threatening, indecent, lewd, obscene, or protected by trade secret. Users further agree that they will not use WWTC's electronic resources for commercial activity, charitable endeavors (without prior administrative approval), product advertisement or political lobbying.

Parental Consent. Parents of minor students must review this policy with their student and sign the consent form prior to a minor student being granted Internet access.

Minor students must never agree to meet with someone they met online and must report any electronic or digital communication which makes them uncomfortable to their teacher.
4. **Privacy.** Users understand that WWTC has access to and can read all electronic or digital communications created and received with technology center resources. Users agree that

they will not use technology center resources to create or receive any electronic or digital communications which they want to be private.

5. System Resources. Users agree to use WWTC's electronic resources carefully so as not to damage them or impede others' use of WWTC's resources. Users will not:

- install any hardware, software, program or app without approval from the IT department
- download large files during peak use hours
- disable security features create or run a program known or intended to be malicious stream music or video for personal entertainment

6. Intellectual Property and Copyrights. Users will respect others' works by giving proper credit and not plagiarizing, even if using websites designed for educational and classroom purposes (See www.copyright.gov/fls/fl102.html) Users agree to ask their instructor for assistance in citing sources as needed.

Limitation of Liability. WWTC makes no warranties of any kind, whether express or implied, for the services provided and is not responsible for any damages arising from use of WWTC's technology resources. WWTC is not responsible for the information obtained from the use of its electronic resources and is not responsible for any charges a user may incur while using its electronic resources.

Security. If a user notices a potential security problem, he/she should notify the IT director immediately but should not demonstrate the problem to others or attempt to identify potential security problems. Users are responsible for their individual account and should not allow others to use their account. Users should not share their access code or password with others. If a user believes his/her account has been compromised, he/she must notify the IT director immediately. Any attempt to log on to WWTC's electronic resources as another user or administrator, or to access restricted material, may result in the loss of access for the remainder of the school year or other disciplinary measures.

Vandalism. No user may harm or attempt to harm any of WWTC's electronic resources. This includes, but is not limited to, uploading or creating a virus or taking any action to disrupt, crash, disable, damage, or destroy any part of WWTC's electronic resources. Further, no user may use WWTC's electronic resources to hack vandalize another computer or system.

Inappropriate Material. Access to information shall not be restricted or denied solely because of the political, religious or philosophical content of the material. Access will be denied for material which is:

1. Obscene to minors, meaning (i) material which, taken as a whole, lacks serious literary, artistic, political or scientific value for minors and, (ii) when an average person, applying contemporary community standards, would find that the written material, taken as a whole, appeals to an obsessive interest in sex by minors.

2. Libelous, meaning a false and unprivileged statement about a specific individual which tends to harm the individual's reputation.
3. Vulgar, lewd or indecent, meaning material which, taken as a whole, an average person would deem improper for access by or distribution to minors because of sexual connotations or profane language.

This includes racial and religious epithets, "slurs," insults and abuse.
6. Disruptive school operations, meaning material which, on the basis of past experience or based upon specific instances of actual or threatened disruptions relating to the information or material in question, is likely to cause a material and substantial disruption of the proper and orderly operation of school activities or school discipline.

Application and Enforceability. The terms and conditions set forth in this policy shall be deemed to be incorporated in their entirety in the Internet Access Agreement executed by each user. By executing the Internet Access Agreement, the user agrees to abide by the terms and conditions contained in this policy. The user acknowledges that any violation of this policy may result in access privileges being revoked and disciplinary action being taken. For students, this means any action permitted by WWTC's policy on student behavior. For employees, this means any action permitted by law, including termination of employment.

Education of Students Regarding Appropriate On-Line Behavior. In compliance with the Protecting Children in the 21st Century Act, Section 254(h)(5), the technology center provides education to minors about the appropriate use of WWTC's electronic resources, including interacting with others on social networking and chat sites, and cyber bullying. As a part of that education, guidelines on cyber bullying and internet safety for students are attached to this policy.

Cyber Bullying and Internet Safety

People can be bullied in lots of ways, including through cyber bullying. Cyber bullying is when someone sends or posts things (words, pictures, recordings) that are mean, embarrassing or make people feel scared, embarrassed or uncomfortable. Even if they don't do this at school sometimes cyber bullying makes things at school hard. No student is allowed to disrupt school through cyber bullying.

Cyber bullies work in lots of ways. But here's some of their most common:

- Send or post mean messages
- Make up websites or accounts with stories, cartoons, pictures or "jokes" that are mean to others
- Take embarrassing pictures or recordings (without asking first)
- Send or post stuff to embarrass others
- Hack into other people's accounts or read their stuff
- Hack into other people's accounts and send or post their private stuff
- Pretend to be somebody else to get someone to give them private information
- Send threats

If someone is cyber bullying you, there is something you can do about it:

Don't respond to and don't ignore a cyber bully. Instead, tell an adult you trust. If cyber bullying follows you to school, tell your teacher or counselor. Even if what the bully does is embarrassing, don't delete it. Instead, get a copy so you can prove what happened. Have an adult help you contact a company representative (cell phone company, Yahoo, Facebook, Twitter, etc.) about blocking or removing the bad stuff.

You can't always stop people from being mean, but there are ways to help yourself:

- Don't give out your personal information in electronic or digital communications
- Don't tell anyone but your parents what your login name, password or PIN number is
- Don't post or send embarrassing pics or recordings (even on your own sites) - bullies love to copy your stuff

Suggestions for Parents:

- Help your child understand how permanent electronic or digital communications are
- Talk to your child about understanding, preventing and responding to cyber bullying
- Contact your student's school for help if you suspect your child is being cyber bullied - or if you suspect your child is engaging in cyber bullying

Social Networking Sites

Most teenagers visit websites to communicate with friends and meet new people. Facebook.com is a social networking site, one of many that has become increasingly popular with students. Facebook allows students to create a personal website (for free), post pictures, add comments, and use it to meet "on-line friends". The website often includes their full name, telephone number, address, school name, and a picture.

About 68 million people reportedly use Facebook and millions more use other social networking sites, such as: Friendster; SnapChat.com; Twitter, Instagram, and YouTube. The danger lies in that the Internet is vast, public, and constantly expanding. And, if students have not developed

critical thinking skills, are unsupervised or create websites that are not monitored, they can be at risk of unknowingly communicating with predators, spammers or pornographers.

As such sites proliferate, students should be warned not to post identifying information to the site and never to meet someone in person they have met through the site unless an adult accompanies them. And, parents should conduct frequent reviews of site to ensure that identifying information or pictures have not been posted.

Facebook will cooperate in shutting down a site created solely to harass another individual.

Personal Wireless Devices

WWTC requires that all individuals devote their full attention to education while at school or during education activities. Accordingly, WWTC expects both employees and students to limit their use of personal wireless devices at school. Wireless devices include, but are not limited to, cell phones, laptops, recorders, Google Glass, etc.

Google Glass and similar technology is prohibited on campus by all individuals at all times. Other personal wireless devices shall be turned off and out-of-sight in locations such as restrooms, locker rooms, changing rooms, etc. ("private areas"). The use of any audio/visual recording and camera features are strictly prohibited in private areas. Students who observe a violation of this provision shall immediately report this conduct to a teacher, administrator or campus director. Employees who observe a violation of this provision shall immediately report this conduct to a supervisor or the campus director.

Students

It is WWTC's policy that students who possess a personal wireless device at school must keep that device turned off and out of sight during class time. No student will be permitted to access his/her personal wireless device during class time except with teacher permission due to an emergency or for instructional projects. Students may use their personal wireless devices during breaks and lunch.

Students who violate this policy will have their personal wireless device confiscated until after a parent conference, and may lose the privileges of possessing such a device for the remainder of the school year. Students are also subject to other disciplinary action.

Students may not use any personal wireless device to:

- send or receive answers to test questions;
- record conversations or events during the school day, on technology center property or at technology center activities;

- threaten, harass, intimidate, or bully;
- take, possess, or distribute obscene or pornographic images or photos;
- engage in lewd communications;
- violate technology center policies, handbook provisions, or regulations

Search of Students

The Superintendent or his/her designee authorizing a search shall have the authority to detain the student or students to be searched if there is reasonable suspicion related to a specific student, and to preserve any dangerous weapons or controlled dangerous substances that might be in their possession. In no event shall a strip search of a student be allowed. No student's clothing, except cold weather outerwear, shall be removed prior to the conduct of any warrantless search. Students shall not have any reasonable expectation of privacy towards school administrators or their designee in the contents of a school locker, desk, or other school property. School personnel shall have access to school lockers, desks, and other school property at any time without notice to the students.

Disruption of Normal Operation

The Superintendent or his/her designee shall have the authority to order any person out of the school buildings and off the school property for a time period of six months when it appears that the presence of such person is a threat to the peaceful conduct of school business and school classes.

At the time such person is directed to leave the school, he/she will be informed of their right and given written notice of the procedure for requesting an appeal hearing. The request for an appeal hearing must be made in writing to the Superintendent within one (1) week from the date the person was required to leave. The appeal hearing will be held within one (1) week of the date such request is made.

DISEASE PRECAUTION

AIDS

It is the policy of this school that the Superintendent will, upon being advised or forming a reasonable belief that a student of this school has AIDS, meet with the parent(s), legal representative or legal guardian of a minor student; or the student, or the student's legal representative if the student is eighteen (18) years of age or more; to ascertain whether the student has AIDS.

If the representative(s) of the student or the student confirms that the student has AIDS, the Superintendent will request that the State Department of Health convene a confidential meeting of a multidisciplinary team to make a recommendation to the Board of Education concerning the affected student's participation in the programs offered by this school in which the affected student is, or wishes to be, enrolled.

Should the State Department of Health fail or refuse to convene such a meeting within a reasonable time, the Superintendent will convene such a meeting and request the attendance of all those individuals noted in the definition of "multidisciplinary team" hereafter. Such meeting shall be held if at least five (5) of the designated individuals are in attendance and the student, the medical profession and the school are represented.

The Board of Education will follow the recommendation of the multidisciplinary team to the fullest extent possible.

Definitions as used in this policy:

"AIDS" shall mean those clinical and immunologic characteristics referred to as "AIDS-Related Complex" (ARC) and shall include "Human T-Lymphotropic Virus Type III" (HTLV-III); "Lymphadenopathy-Associated Virus" (LAV); "AIDS-Associated Retrovirus" (ARV); and "Human Immunodeficiency Virus" (HIV).

"Multidisciplinary Team" shall mean that group of individuals provided for in Title 63, O.S. 1-502.2(B)1 and shall include, but not be limited to, the following:

1. The parent(s), legal representative or legal guardian of a minor student; or the student or the student's legal representative if the student is eighteen (18) years of age or more.
2. The physician of the student.
3. A representative from the Superintendent's office.
4. A representative from the State Department of Education.
5. A representative from the Oklahoma Department of Career and Technology Education.
6. A representative from the State Department of Health.
7. A physician chosen by the school.

"Confidential Meeting" shall mean a meeting that is exempt from the requirements of Title 25, O.S. 301-314 and Title 51, O.S. 24A.1-24A.19 as provided for in Title 63, O.S. 1-502.2.

Bloodborne Pathogens

In the Exposure Control Policy of WWTC it is stated that information regarding bloodborne pathogens is to be distributed to the students. Many of the programs in the healthcare field will discuss this subject in depth; the following is an outline that summarizes the information needed to operate under Standard Precautions if exposure to bloodborne pathogens occurs.

In the course of your vocational program the chance of exposure to bloodborne pathogens is a possibility. The classes, which have been identified as a higher risk are Practical Nursing, Surgical Technology, Health Science Clusters, and Building and Grounds/Power Products

Technology. Everyone has the potential to be exposed; these classes are identified due to the nature of the coursework.

A bloodborne pathogen is an infectious process that is transmitted in body fluids. These include blood, sputum, semen, vaginal secretions, saliva, any body fluid visibly contaminated with blood, and internal body fluid. Standard Precautions teaches you to assume all body fluid types is potentially infectious.

In your instruction program three control mechanisms are mandatory for avoiding an exposure:

1. Engineering controls, such as good hand washing and containers for sharp objects that are leak proof and puncture resistant.
2. Work practice controls, meaning you are practicing safety in all aspects of your program. (This will be gone over extensively in the classroom)
3. Following Standard Precautions, which means you treat any body fluid as infected and use protective equipment such as gloves, goggles/face shields and gowns or clothes covering if exposed to body fluids.

If a fellow student is injured, do not attempt to give first aid treatment. Instead, report all injuries immediately to your instructor.

Meningococcal Vaccines

1. What is meningococcal disease?

Meningococcal disease is a serious bacterial illness. It is a leading cause of bacterial meningitis in children 2-18 years old in the U.S. Meningitis is an infection of the fluid surrounding the brain and spinal cord. Meningococcal disease also causes blood infections.

About 1,000–2,600 people get meningococcal disease each year in the U.S. Even when they are treated with antibiotics, 10-15% of these people die. Of those who survive, another 11-19% loses their arms or legs, become deaf, have problems with their nervous systems, become mentally retarded, or suffer seizures or strokes.

Anyone can get meningococcal disease. But it is most common in infants less than one year of age and people with certain medical conditions, such as lack of a spleen. College freshmen who live in dormitories and teenagers 15-19 have an increased risk of getting meningococcal disease.

Meningococcal infections can be treated with drugs such as penicillin. Still, about 1 out of every ten people who get the disease dies from it, and many others are affected for life. This is why preventing the disease through use of meningococcal vaccine is important for people at highest risk.

2. Meningococcal Vaccine - There are two kinds of meningococcal vaccine in the U.S.:

- A. Meningococcal conjugate vaccine (MCV4) was licensed in 2005. It is the preferred vaccine for people 2-55 years of age.
- B. Meningococcal polysaccharide vaccine (MPSV4) has been available since the 1970s. It may be used if MCV4 is not available, and is the only meningococcal vaccine licensed for people older than 55.

Both vaccines can prevent 4 types of meningococcal disease, including 2 of the 3 types most common in the U.S. and a type that causes epidemics in Africa. Meningococcal vaccines cannot prevent all types of the disease. But they do protect many people who might become sick if they didn't get the vaccine. Both vaccines work well, and protect about 90% of people who get them. MCV4 is expected to give better, longer-lasting protection. MCV4 should also be better at preventing the disease from spreading from person to person.

3. Who should get meningococcal vaccine and when?

A dose of MCV4 is recommended for children and adolescents 11-18 years of age. This dose is normally given during the routine preadolescent immunization visit (at 11-12 years). But those who did not get the vaccine during this visit should get it at the earliest opportunity. Meningococcal vaccine is also recommended for other people at increased risk for meningococcal disease:

- A. College freshmen living in dormitories.
- B. Microbiologists who are routinely exposed to meningococcal bacteria.
- C. U.S. military recruits.
- D. Anyone traveling to, or living in, a part of the world where meningococcal disease is common, such as parts of Africa.
- E. Anyone who has a damaged spleen, or whose spleen has been removed.
- F. Anyone who has terminal complement component deficiency (an immune system disorder).
- G. People who might have been exposed to meningitis during an outbreak.

MCV4 is the preferred vaccine for people 2-55 years of age in these risk groups. MPSV4 can be used if MCV4 is not available and for adults over 55.

4. How many doses?

People two years of age and older should get one (1) dose. Sometimes a second dose is recommended for people who remain at high risk. Ask your provider.

MPSV4 may be recommended for children three months to two years of age under special circumstances. These children should get two (2) doses, three (3) months apart.

5. Some people should not get meningococcal vaccine or should wait.

Anyone who has ever had a severe (life-threatening) allergic reaction to a previous dose of either meningococcal vaccine should not get another dose.

Anyone who has a severe (life threatening) allergy to any vaccine component should not get the vaccine. Tell your provider if you have any severe allergies.

Anyone who is moderately or severely ill at the time the shot is scheduled should probably wait until they recover. Ask your provider. People with a mild illness can usually get the vaccine.

Anyone who has ever had Guillain-Barre´ Syndrome should talk with their provider before getting MCV4.

Meningococcal vaccines may be given to pregnant women. However, MCV4 is a new vaccine and has not been studied in pregnant women as much as MPSV4 has. It should be used only if clearly needed.

Meningococcal vaccines may be given at the same time as other vaccines.

6. What are the risks from meningococcal vaccines?

A vaccine, like any medicine, could possibly cause serious problems, such as severe allergic reactions. The risk of meningococcal vaccine causing serious harm, or death, is extremely small.

Mild Problems – As many as half the people who get meningococcal vaccines have mild side effects, such as redness or pain where the shot was given. If these problems occur, they usually last for 1-2 days. They are more common after MCV4 than after MPSV4. A small percentage of people who receive the vaccine develop a fever.

Severe Problems – Serious allergic reactions, within a few minutes to a few hours of the shot, are very rare. A serious nervous system disorder called Guillain-Barre´ Syndrome (or GBS) has been reported among some people who received MCV4. This happens so rarely that it is currently not possible to tell if the vaccine might be a factor. Even if it is, the risk is very small.

7. What if there is a moderate or severe reaction?

What should I look for? – Any unusual condition, such as a high fever, weakness, or behavior changes. Signs of a serious allergic reaction can include difficulty breathing, hoarseness or wheezing, hives, paleness, weakness, a fast heart beat or dizziness.

What should I do? – Call a doctor, or get the person to a doctor right away. Tell your doctor what happened, the date and time it happened, and when the vaccination was given. Ask your doctor, nurse, or health department to report the reactions by filing a Vaccine Adverse Event Reporting System (VAERS) form or you can file this report through the VAERS web site at www.vaers.hhs.gov, or by calling 1-800-822-7967. *VAERS does not provide medical advice.*

8. The National Vaccine Injury Compensation Program

A federal program exists to help pay for the care of anyone who has had a rare serious reaction to a vaccine. For information about the National Vaccine Injury Compensation Program, call 1-800-338-2382 or visit their website at www.hrsa.gov/vaccinecompensation.

9. How can I learn more?

- A. Ask your doctor or nurse. They can give you the vaccine package insert or suggest other sources of information.
- B. Call your local or state health department.
- C. Contact the Centers of Disease Control and Prevention (CDC):
 1. Call 1-800-232-4636 (1-800-CDC-INFO)
 2. Visit CDC's National Immunization Program website at www.cdc.gov/vaccines
 3. Visit CDC's meningococcal disease website at www.cdc.gov/ncidod/dbmd/diseaseinfo/meningococcal_g.htm
 4. Visit CDC's Traveler's Health website at www.cdc.gov/travel

SAFETY

Safety Practices

You may be participating in activities that have some element of danger. Your instructor will explain the safety practices necessary for each course and will expect you to observe them while you are engaged in these activities.

Safety Goggles/Glasses

It shall be the policy of WWTC that the school will provide safety goggles as approved by the American National Safety Institute (ANSI Z87.1-1989) for all students using materials and machines that may damage the vision of such students because of flying particles, intense light, severe heat, or other harmful effects. Any student not following policy will be subject to:

1. First Offense: Student will be given a written warning.
2. Second Offense: Student will have a student/parent conference with administrator.
3. Third Offense: Student may be temporarily suspended (3-10 days)

SECONDARY STUDENT BEHAVIOR AND DISCIPLINE

The Board of Education recognizes that students do not surrender any rights of citizenship while in attendance at school. The school is a community with rules and regulations. Those who enjoy the rights and privileges it provides must also accept the responsibilities that inclusion demands, including respect for and obedience to school rules.

The following behaviors at school, while on school vehicles, or going to or from or attending school events will result in disciplinary action, which may include in-school placement options or out of school suspension:

1. Arson

This includes but is not limited to electronic communication, whether or not such communication originated at school or with school equipment, if the

communication is specifically directed at students or school personnel and concerns harassment, intimidation or bullying at school.

The Oklahoma Legislature established the *School Bullying Prevention Act* (O.S 70 § 24-100.2) with the express intent of prohibiting peer student harassment, intimidation, bullying and threatening behavior. These terms include, but are not limited to any gesture, written or verbal expression, electronic communication or physical act that a reasonable person should know will:

The Board has also adopted a policy prohibiting harassment, intimidation, bullying and threatening behavior that defines and explains this conduct and WWTC's plan to address it.

Approved: 08/12/14

SUSPENSION OF HIGH SCHOOL STUDENTS

This policy applies only to out-of-school suspensions and, unless otherwise noted, all references to "suspension" in this policy mean out-of-school suspension. References to "parent" in this policy means a student's parent(s) or legal guardian(s).

Behavior or Conduct that May Result in Suspension:

Secondary students may be suspended for:

1. Violation of a school regulation (which includes but is not limited to any policy, rule, regulation, directive, etc.);
2. Possession of an intoxicating beverage, low-point beer, as defined by OKLA STAR. Tit. 37, § 163.2, or missing or stolen property if the property is reasonably suspected to have been taken from a student, a school employee, or the school during school activities;
3. Any student who is determined to have:
 - brought a weapon to a school under the jurisdiction of the district; or
 - possessed a weapon within two thousand (2,000) feet of public school property; or
 - possessed a weapon at a school eventshall be suspended out of school for a period of not less than one calendar year.

Students who are suspended under categories 1 or 2 will be provided with an education plan as outlined below. No education plan will be required for students who are suspended under category 3.

Violent Acts Toward School Personnel

Any student in grades 6 through 12 found to have assaulted, attempted to cause physical bodily injury, or acted in a manner that could reasonably cause bodily injury to a school employee or person volunteering for the school shall be suspended for the remainder of the current semester and the next consecutive semester.

Students suspended for a violent offense directed toward a classroom teacher shall not be allowed to return to the teacher's classroom without the teacher's prior approval.

Immediate Suspension Without a Pre-Suspension Conference

1. A student may be suspended without a pre-suspension conference only in situations when the Instructional Leader reasonably believes that the student's continued presence in the building will constitute an immediate danger to the health or safety of students, school employees, school property, or would be a substantial disruption of the educational process. In such cases, a conference with the student and parent will be scheduled as soon as possible after the student has been removed from the building.
2. All suspensions will have a definite start and end date. Long-term suspensions are those suspensions in excess of ten (10) school days. Suspensions will not extend beyond the current school semester and succeeding semester, except in the case of possession of a firearm in which case a suspension shall be for a period of not less than one (1) calendar year. Suspensions involving firearms are governed by the school district's Gun-Free Schools Student Suspension policy. Short-term suspensions are those suspensions of ten (10) or fewer school days.
3. A parent/student may appeal the suspension to the superintendent and board of education or a hearing officer appointed by the Board. The Instructional Leader shall inform the parent/student of the right to appeal the suspension and the method for appealing. At the parent/student's option the appeal may be directly to the Board or the Board's appointed hearing officer.

Long Term Suspension – Right of Appeal

A parent or the student may appeal the administrator's suspension decision for a suspension of more than ten (10) school days to the superintendent and, following the appeal to the Superintendent, to the Board of Education, or, if appointed by the Board, a hearing officer.

If no appeal is received within five (5) calendar days after the administrator's decision is received by the parent or student, the administrator's suspension decision will be final and non-appealable. The plan shall provide for the core units in which the student is enrolled. Core units shall consist of the minimum English, Mathematics, Science, Social Studies and Art units required by the Oklahoma State Department of Education for high school graduation.

Gun-Free Schools and Secondary Student Suspension Policies are available in full by request to campus administration.

STUDENT VEHICLE USE AND PARKING

The WWTC Board of Education will permit student use and parking of motor vehicles on the campus. **Students do not have free access to the parking lot during class time.** Students will not park vehicle in driveway or disabled parking areas. The vehicle will only be used during class hours in the event of an emergency. Students may use either parking lot. **WWTC is not responsible for damage or loss to personal property or vehicle.**

Students are permitted to park on the campus as a matter of privilege, not of right. District personnel may conduct routine patrols of student parking areas and inspect vehicles when on district's property. The interior and exterior of a student's vehicle may be searched when a district authority has reason to believe that illegal or unauthorized drugs, weapons or other contraband is within or upon vehicle. **Such searches may be conducted without notice, without consent and without a search warrant.**

Safety is a major concern on our campus.

NOTE: There is a 15 mph speed limit on campus. Follow all signs including speed limited and arrows. Make sure you follow flow patterns and one-way roads.

NOTE: If you must leave your vehicle overnight, please notify Student Services and provide them with the make, model, and tag number. Otherwise, it may be towed away. WWTC is not responsible for the contents or safety of the vehicle.

Constitution Day

In 2004, Sen. Robert Byrd, (D-WV) inserted language into the Consolidated Appropriations act of 2005, requiring educational institutions receiving federal funds, as well as federal agencies, to implement an annual education program related to the United States Constitution beginning on September 17, 2005. September 17th is the date which commemorates the 1787 signing of the Constitution. On May 24, 2005, the U.S. Department of Education issued a Notice of Implementation, indicating that all educational institutions receiving federal funding must provide an educational program pertaining to United States Constitution. For the purpose of this requirement, "educational institutions" includes but is not limited to "local educational agencies" and "institutions of higher education" receiving Federal funding. Section 111 (b) of the Consolidated Appropriations Act of 2005, designates September 17th as the date on which educational institutions are required to hold "Constitution Day programming", however, during the years when September 17th occurs on a Saturday, Sunday, or holiday, the program must be held during either the preceding or following week. (Federal Register/Vol. 70, No. 99/Tuesday, May 24, 2005).

WWTC distributes pocket size constitution booklets to students in addition to educational activities.

Student Organizations

As part of your training program, several trade related student organizations exist at WWTC. The purpose of these organizations is to develop leadership, pride in craftsmanship, and social skills. Meetings are held during the school day and are considered part of your course.

The student organizations are Business Professionals of America (BPA), Health Occupations Students of America (HOSA), and Skills USA (SUSA)

As the year progresses, you will be informed of the various organizations, meetings and activities.

Only First (1st) place winner in competitive events will attend national competition and have expenses paid by the district. Under no circumstances will second (2nd), third (3rd) or other place winner will be allowed to attend.

BPA

The mission of Business Professionals of America is to contribute to the preparation of a world class workforce through the advancement of leadership, academic, citizenship, and technological skills.

SkillsUSA

The mission of SkillsUSA is to empower its members to become world-class workers, leaders and responsible American citizens.

HOSA

A national student organization endorsed by the U.S. Department of Education and the Health Science Technology Education Division of ACTE. Health Occupations Students of America's two-fold mission is to promote career opportunities in the healthcare industry and to enhance the delivery of quality health care to all people. HOSA's goal is to encourage all health occupations instructors and students to join and be actively involved in the HSTE-HOSA Partnership.

Student of the Month/Student of the Year

Student of the Month is an activity in recognition of our student's accomplishments. Students are nominated by the program instructor through use of the nomination form. Interviews are conducted by a three (3) member panel. Scores are based on appearance, self-confidence, expression, personality, application, attendance, grades, and extracurricular activities. Each Student of the Month participant receives a certificate of participation.

Winners of the Student of the Month can participate in Student of the Year competition if student meets academic and attendance standards. An essay is required and interviews are conducted by a three (3) member panel comprised of business men and women outside WWTC.

Student of the Month and Student of the Year winners receive various prizes. These programs are worthwhile learning experiences and a way to provide the recognition of achievement that our students deserve.

Gold Star Ambassadors

The Gold Star Ambassadors (GSA) are students who have applied to serve as representatives for WWTC.

As a GSA, students attend leadership training classes and assist with meetings, the job fair, 8th Grade Expo, and Sophomore Showcase, Student of the Month assemblies, and many other events throughout the year. The GSA's are also responsible for planning and presenting the Veterans Day assembly each year.

National Technical Honor Society

The purpose of this organization is to promote the ideals of honesty, service, leadership, career development, and skilled workmanship among the students of WWTC. Students are nominated for membership by their instructor during the period set forth by the sponsor. To be eligible for membership, a student must maintain no less than a 95% average in their program and high school students must maintain a 3.5 grade point average at their home school. Adult students must be attending full-time. Students may not have more than four (4) absences during the semester being evaluated. Students must start within two (2) weeks of date each semester starts.

Breaks/Daily Schedule

A student break area is provided for your convenience. There is one 10 minute break period during each three-hour class session. Food and drink may be consumed in your classroom, at the discretion of your instructor. **This is a privilege which may be removed. During your break you should not visit other instructional areas or go to the parking lot.** Safety is a major concern on our campus.

A typical daily schedule is listed below.

COURSE MATERIAL

Most of the materials needed in your training program are furnished for high school students. Adult students will receive an itemized list of fees in their career program handbook. However, students must furnish materials for personal projects. You may not charge equipment and materials to the school or leave school in order to pick up supplies. Most of these supplies are available through our bookstore.

COLLEGE HOURS

College hours may be available to students through prior learning assessments. Please see Instructional Leader or Counselor for this information.

EARLY RELEASE

When a student needs to leave the campus for an appointment or emergency, he/she must check out through Student Services. A telephone call from the parent or guardian will be required before a high school student is permitted to leave. If the high school student leaves at the same time as their home school bus, it will not be considered an absence or tardy.

HIGH SCHOOL ATTENDANCE POLICY

The success of business is greatly affected by the dependability and productivity of its employees. Therefore, each student is expected to attend school regularly and to be punctual, in order to derive maximum benefit from the instructional program. Regular attendance will reinforce the development of desired work attitudes, such as punctuality, responsibility, and self-discipline. Students are encouraged to take care of personal business and routine health care needs on their own time. Several days are allocated throughout the school year for holidays and breaks. (Please refer to the school calendar for time-off from school.)

In order to prepare WWTC class completers for employment, it is necessary to maintain an accurate attendance record for each student. The following procedures will be enforced in order to implement the attendance policy:

A student's absences may not exceed five (5) days per nine (9) weeks. Students who exceed five (5) days per nine (9) weeks will receive an "F".

Three tardies equal one absence. Arriving more than 30 minutes late is an absence; leaving more than 30 minutes early is an absence.

Authorized participation of partner school activities shall not affect the high school student's perfect attendance. Absences exempt for high school students are referred to his/her home school. Confirmation from your partner school administrator is required.

Emergency leave (hospitalization of student or death in the immediate family) will be considered on an individual basis. Documentation of an emergency must be presented to a WWTC

administrator as soon as the student returns to school. Emergency leave cannot exceed ten (10) consecutive days and may be used only **one** time per year.

A complete record of attendance for all students shall be kept on file by WWTC as required by federal and state regulations.

In the case of inclement weather, if the school district in which the adult student resides is closed, administrative approval will be given for that absence. Payment periods and completion dates will be adjusted for students receiving Pell funding

Absences EXEMPT are Jury Duty and Subpoenas

A complete record of attendance for all students shall be kept on file by WWTC as required by federal and state regulations.

Perfect Attendance

To be eligible for perfect attendance, student must start career program within first two (2) weeks of school and have perfect attendance through May 1st. Activities for high school students and WWTC school activities will not affect perfect attendance eligibility. However, all other home school excused absences will affect eligibility for perfect attendance.

ASSIGNMENTS

Writing

In keeping with WWTC and Technology Centers That Work mission and goals, all student-produced literacy assignments will be expected to reflect clear content and organized structure. Grade could be affected if work does not exhibit acceptable writing skills.

Plagiarism

Work presented by student must be his/her own work and wording should reflect a student's individual work. Students who present work that is not theirs will receive a 0 (zero) grade for their assignment.

Cheating

All students are expected to do their individual work on tests and written assignments given by their teacher. Using other means, such as, notes on tests, copying others work will be given a 0 (zero) for their assignment. Violation of this policy could result in failure of entire course or suspension.

STUDENT DRIVERS

Students are expected to obey all traffic regulations. Disobeying traffic regulations may jeopardize your driving privileges.

ADULT STUDENT BEHAVIOR

Purpose

WWTC serves adult and secondary students. A discipline code is provided for secondary students to inform students of the standards of conduct required of students, and of the consequences that attach to misconduct. Schools laws that prescribe procedures applicable to secondary students are, in some instances, not applicable to adult students. Accordingly, WWTC has established a separate policy applicable to adult students that explains the standards of conduct and civility expected of adult students and also explains the actions that may be taken when adult conduct violates those standards. Adults are held to standards of conduct that are no less than those which attach to secondary students attending WWTC. Educational opportunities available to adult students may be cut-short or terminated in instances where an adult student's conduct violates the approved standards or when a student, for other reasons, cannot fulfill program requirements essential to successful course completion.

NOTHING IN THIS POLICY IS TO BE CONSIDERED A CONTRACT BETWEEN WWTC AND ANY ADULT STUDENT NOR IS ANY PROVISION DEEMED TO REQUIRE ANY TYPE OF DUE PROCESS OR OTHER PROCEDURES PRIOR TO DISMISSAL/REMOVAL OF ANY STUDENT FROM ANY PROGRAM OR COURSE. FAILURE OF WWTC TO IMPLEMENT OR ABIDE BY THIS POLICY CREATES NO RIGHTS IN ANY ADULT STUDENT. THIS POLICY IS SIMPLY TO SERVE AS A GUIDELINE FOR USE BY WWTC ADMINISTRATORS.

Procedures

1. Immediate Removal / Dismissal of a Student

Whenever an alleged violation of the *Adult Student Behavior Code* is reported to an administrator, he/she will ascertain whether the immediate removal/dismissal of the student is required. If dismissal is found necessary, the administrator shall document the justification in a report and immediately forward it to the superintendent, and contact the student.

2. Evidentiary Hearing

Upon notice of an alleged violation, the administrator will review the evidence relevant to the violation. If dismissal of the student is necessary before a hearing can be conducted, the hearing must be held as soon as possible, but not later than seventy-two (72) hours of the dismissal. In case of waiver or non-attendance of the hearing by the student, summary disposition of the matter will be indicated in letter form and forwarded to the student with a copy to the superintendent.

If the student is unable to attend the original time and day specified by the administrator for the evidentiary hearing, the matter may be continued only once and in such case, will be reset to be conducted within the next seventy-two (72) hours, excluding weekends and holidays. Any further request for continuance will result in immediate disposition of the matter with notification in writing sent to the student.

3. Decision

Once the evidentiary hearing has been held, the administrator will summarize the findings in a written report, which will include the decision as to the student's innocence or guilt

and recommended discipline, if applicable. This decision will be announced orally at the conclusion of the hearing with a written report to follow, or within three (3) business days of the conclusion of the hearing, by issuance of the written report. The imposition of discipline will commence following announcement of the decision or issuance of the written report, whichever occurs first.

Should the punishment be one of short or long-term removal or dismissal, the administrator will notify the Superintendent of the action.

4. Appeal

If all or any portion of the administrator's decision is not agreed to, the student has the right to appeal the decision to the Superintendent. An appeal is commenced by letter to the Superintendent delivered within seventy-two (72) hours of the decision rendered by the administrator. The administrator, upon receipt of the notice of the appeal, will forward the report of the hearing to the superintendent for decision. The Superintendent shall have the authority to sustain, overrule, or modify the division administrator's decision.

If the student desires an appeal to the Superintendent, he or she shall be permitted to remain in school unless the circumstances delineated under the "Dismissal" section, above, are met. At the hearing, the division administrator shall first present his/her evidence and be subject to cross-examination by the Superintendent. This will be followed by the student's evidence. The decision of the Superintendent shall be final. Such decision shall be communicated orally after the hearing **or** in writing to all parties, within three (3) business days following the decision. An oral decision, when rendered immediately following the hearing, shall be followed by issuance of the Superintendent's written decision, which shall be placed in the mail within three (3) business days of announcing the decision.

Dismissal of Students Because of Failure to Meet or Comply with Essential Course Requirements

WWTC's course offerings include those that incorporate requirements essential to successful completion of the course. An example is the clinical hours a part of and necessary to completion of many health care courses. When a student cannot complete essential course requirements the student may be dismissed from a program for a variety of reasons, including but not limited to conduct, behavior, or other inability to meet mandatory parts of the program. Students dismissed for reasons falling within this part of the policy, will have the same rights with regard to removal as adult students who violate WWTC's disciplinary code.

Students Attending WWTC by Virtue of a Special Program

In some instances, adult students are participating in programs offered by WWTC as a result of their eligibility established by terms of a federal or state program. In these instances the programs establish eligibility requirements as well as minimum standards which students must meet in order to remain a part of the program and recipient of program benefits. Student participation and dismissal of the student may be governed by the program criteria. Students have no property interest in these programs and, as a result, those who violate expectations related to attendance, participation, and otherwise fail to meet the obligations which accompany participation, may be removed from the program with notice to the student and the program director. Whether to allow the student to return to the program and, if so, under what conditions, will be a joint decision of the designated school representatives and the designees for the federal or state program. The student's dismissal or removal shall include written notice to the program or project director of the student's dismissal and the reasons for dismissal.

High School Students

Please see high school counselor for application procedures.

TRANSFER OF CREDIT (PRIOR LEARNING CREDIT)

Students accepted into a WWTC program who have attended other technical training facilities or post-secondary education facilities may have prior learning credit that can be accepted if taken within last three (3) years. Transcripts of prior learning credit will be reviewed for transfer of credit and prior learning credit will be given when applicable. A review of prior learning credit is initiated by the student by informing Student Services staff and/or counselor. Application is made and credit is reviewed for approval. Students enrolling at WWTC who have previous educational experiences will be asked to provide a transcript indicating both courses taken and grades received at previous institutions.

If prior learning credit is granted to a student the credit would be documented in the student's file, and the student will not be charged tuition or fees (if applicable) for these courses. The student's transcript will show the letters "AS" which will indicate they received "advanced standing".

Note: A student that receives prior learning credits will have fewer hours than students enrolled for the complete program. Therefore, these students can be assessed at different times and will complete their program sooner than someone enrolled for the complete program. Please check with your instructor to see when you will complete your program once you find your application for Prior Learning Credit has been granted.

PRIOR LEARNING CREDIT FOR VETERANS

WWTC will award credit (toward completion of a career program) to students honorably discharged from the Armed Forces of the United States within three years of initial enrollment. This credit will be based on educational experiences, training, and/or work experience which replace the learning/competency attainment that would take place in a recognized course offered by WWTC. The Guide to the Evaluation of Educational Experiences in the Armed Services, published by the American Council on Education will be the guide used for comparing experiences to educational requirements.

REQUIREMENTS FOR CONTINUING ENROLLMENT

A student is expected to make progress toward satisfactory completion of their program in order to be eligible to continue. A student who fails to attend class regularly or otherwise demonstrates a lack of appropriate concern for satisfactory progress and conduct may be dismissed from the school. Students not meeting SAP who receive Title IV Federal funding will be placed on financial aid probation.

Progress is defined as making a C or above in your career program. For post-secondary students receiving federal financial aid, please see the Satisfactory Academic Progression policy on how these requirements may affect your financial aid. See Consumer Information Handbook for this policy.

VA SATISFACTORY ACADEMIC PROGRESS POLICY

VA students are expected to maintain satisfactory academic progress consistent with curriculum and maintain a grade average of 75%. Any VA student not maintaining an average of 75% will be placed on Academic Probation for 30 days and the VA will be notified of this action. While on Academic Probation every effort will be made to help the student meet the minimum grade requirements. If satisfactory progress cannot be achieved after this period the student will be suspended and VA education benefits terminated.

VA ACADEMIC PROBATION POLICY

For VA students, academic progress will be reviewed at the beginning of every calendar month. VA students who do not maintain satisfactory academic progress will be placed on Academic Probation for 30 days and the VA will be notified of this action. While on Academic Probation every effort will be made to help the student meet the minimum grade requirements. VA education benefits will be terminated if the student does not meet minimum academic progress standards at the end of the probationary period.

A VA student may be placed on Academic Probation for reasons other than falling grades (conduct and attendance). Continued abuse of school policies, regulations, conduct or attendance, may result in the student being suspended and VA education benefits will be immediately terminated. Program re-enrollment will be at the discretion of the school administration and per school readmission policies.

Approved: 12/10/15

READMISSION OF ADULT STUDENTS

A student who has been withdrawn or been dismissed is eligible to reapply to a WWTC career program upon proper application for readmission. However, the administration may consider the student's prior disciplinary and incident record in determining whether to grant a student's request for readmission. A student may be considered for re-admittance the following semester. A maximum of one re-admittance in the same career program will be allowed.

When a Title IV Financial Aid student is dismissed or withdraws for any reason, the student may no longer be eligible for the full amount of funds the student was scheduled to receive. Upon returning, the student may owe money to WWTC for the amount returned by the school to the Department of Education.

CRIMINAL BACKGROUND CHECK AND SEX OFFENDER REGISTRY (for Health Occupation Education Students)

WWTC seeks to provide eligible students with clinical opportunities consistent with their occupational choices. These clinical opportunities may be an elective of the student or may be a requirement essential to successful class completion. In either case the clinical site will require a criminal record background check of the student prior to the student's commencement of the clinical experience. The purpose of background checks is to ensure the safety and security of patients and the public and to ensure that, upon class completion, the student will meet the requirements for professional certification and/or licensure required by the profession. In accordance with this requirement, WWTC has established the following student requirements:

1. To be considered for placement in a clinical site requiring a criminal record background check, the student must comply with the request for a background check and must also present a satisfactory check. Any reference to a background check in this policy includes a *Sex Offender Registry* check.
2. The background check must be conducted by the Oklahoma State Bureau of Investigation (OSBI) if the student has resided in Oklahoma for at least the last year; and/or by an authorized agency in another state if the student has resided in Oklahoma less than one year.
 - a. The cost of and arrangements for the background check or checks are the responsibility of the student.
3. International students are subject to the same criminal history information review as required in paragraph 2 above. It may be necessary for the student to contact his/her embassy or utilize a commercial investigative service in order to comply with this requirement. International students are responsible for obtaining required background checks at the student's expense.
4. Faculty members are required, upon initial hiring, to have criminal background checks that comply with this policy and must obtain a new check following any breaks in employment, if other than the normal summer break or authorized leaves.
5. If more than three (3) months has passed from the date of the student's background check and the clinical rotation, a new background check must be obtained. Similarly, if the student leaves the program and is later readmitted, another background check must be completed.
6. Students may obtain the *Criminal History Information (CHI) Request* from the OSBI or from the Program Department's secretary. The student is responsible for insuring that he/she obtains a records check that includes a *Sex Offender Registry (SOR)* check. In order to obtain a SOR check, the student must check the space on the CHI Request for this registry check.

7. An original copy of the OSBI check must be submitted to the school on the form supplied by the OSBI. No photocopies, faxed copies, or forms completed by employment service providers will be accepted.
8. Students should understand that by enrollment in the program they agree to obtain a criminal background check in accordance with this policy and also understand that information obtained based on their background checks as well as a copy of background records may be furnished to the clinical site(s).
9. WWTC reserves the right to request additional information from its students concerning offenses committed in other states, expunged offenses, municipal offenses and pending offenses.
10. A copy of the OSBI report or reports, copies of court records and related correspondence shall be included in the student's permanent record.

WWTC'S PROCEDURE FOR REVIEWING CRIMINAL RECORD CHECKS

WWTC shall ensure that all background checks are examined for the purpose of: (1) ensuring the student's compliance with the District's policy concerning criminal records background checks; (2) ensuring the safety and security of patients and the public; and (3) ascertaining the student's eligibility to continue in the health related program and participate in clinical rotations.

WWTC personnel assigned to review background checks shall examine the report(s) to determine:

1. Whether the report discloses any criminal history on file with the OSBI or any other agency.
2. Whether in the sex offenders section of the report shows that there is no sex offender record or registration.
3. The examiner shall specifically inspect the criminal history to determine felony charges and/or registration as a sex offender and no other charges or convictions.
4. If the review of the report indicates a felony charge or registration on the Sex Offenders Registration list, WWTC shall request the student obtain certified copies of court records related to the charge. If the student declines to obtain the records, WWTC shall obtain those records from the courthouse in the county in which the charges were filed. The purpose of obtaining the records will be to determine whether a charge filed as a felony was reduced to a misdemeanor and to determine the judgment and sentence rendered by the court.
5. If the student has a history of felony charge or charges or registration as a sex offender, the examiner will review the case with the appropriate administrative official and with its clinical facility or facilities to determine whether the student will be able to commence or complete the clinical rotation. The clinical facility and WWTC will decide whether there is evidence that placement of the student in clinical rotations could jeopardize the safety of others.
6. Based on the information obtained, the evaluation of the criminal history on the safety and security of others, and the student's ability to complete the clinical requirements of the

program, WWTC will notify the student of the effect of the record and any related information on the student's continuation in the program or any restrictions placed on the student.

7. In the event a decision is made that the student, for reason arising out of the criminal records check, cannot fulfill the course objectives, the student will be advised of the determination, the basis for the determination, and opportunities for alternative programs (if any). If the effect of the criminal records check is to disqualify the student from the program the student may appeal the decision using the procedures provided for adult students suspended, dismissed, or removed from school.

ADMINISTRATION OF MEDICINE POLICY

Under Oklahoma law, a school nurse, an administrator or a designated school employee may administer prescription and nonprescription medications to students.

For purposes of this policy, "medicine" or "medications" includes prescription medications and over-the counter medicines such as but not limited to aspirin, cough syrup, and medicated ointments and any other item used to treat an illness, disease or malady.

The term "legal custodian" means a parent, a court appointed guardian or a person having legal custody.

Except as provided below, students may not retain possession of or self-administer any medicine. Violation of this rule will be reported to the student's parents and may result in discipline including suspension.

Medicine shall not be administered to students by teachers or administrators except pursuant to the provisions of this policy.

Only designated employees who have successfully completed specific training in the administration of nonprescription and prescription medications may administer such medications.

As further set out below, WWTC retains the discretion to reject requests for the administration of medication and to discontinue the administration of medication.

A student who has a legitimate health need for a medicine shall deliver the medicine to the school nurse or school administrator in its original container with the written authorization of the student's parent or guardian for administration of the medicine. The parent's authorization must identify the student, the medicine, and include or refer to the label for instructions on administration of the medicine.

The medicine will be administered to the student only by the school nurse, an administrator or a designated employee pursuant to the parent's instructions and the directions for use on the label or in the physician's prescription. A new authorization form must be completed for each change of

medication. If there are no changes, the authorization must be renewed yearly. If a student brings medications to school without a properly completed authorization form the school will inform the student's legal custodian of WWTC's policy and the inability to give the medication. The student's legal custodian may, however, come to the school and dispense the medication to the student. When medication is completed and/or at the end of the school year the authorization form will be placed in the student's health folder and will be deemed part of the student's health record. Forms for parental authorization of administration of medicines are available in the office of the principal.

The administration of each school shall keep a record of the students to whom medicine is administered, the date of administration, the person who administered the medicine, and the name or type of medicine administered.

Medications must be stored in a separate locked drawer and not readily accessible to persons other than the persons who will administer the medication. Medications requiring refrigeration will be refrigerated in a secure area.

Any person administering medicine to a student will be annually trained by October 1 of each year by a school nurse to administer medication. Only those successfully completing the training will be authorized to give medication. A current list of those authorized to give medication will be kept at each school and by the school nurse. Training will include:

1. review of state statutes and school regulations (including this policy) regarding administration of medication by school personnel;
2. procedures for administration, documentation, handling and storage of medication;
3. medication needs of specific students, desired effects, potential side effects, adverse reactions and other observations;

Students who are able to self-administer specific medications (inhalers, etc.) may do so provided such medication and special equipment are transported and maintained under the students' control within all of the following guidelines:

1. A licensed physician or dentist provides a written order that the student has a particular medical condition (asthma, etc.), is capable of and has been instructed in the proper method of, self-administration of medication. It is the student's legal custodian's responsibility to contact the physician and have the physician complete and sign the required order;
2. There is a written legal custodian authorization for self-administration of medication;
3. Parents and guardians who elect to have the student self-medicate are accepting that WWTC, its agents and employees shall incur no liability for any adverse reaction or injury suffered by the student as a result of the self-administration of medication and/or using the specialized equipment;
4. The written authorization will terminate at the end of the school year and must be renewed annually;
5. If the legal custodian and physician authorize self-medication, WWTC is not responsible for safeguarding the students' medications or specialized equipment such as asthma inhalers;

6. Students who self-medicate are prohibited from sharing or playing with their medication, special equipment, i.e., inhalers, etc. If a student engages in these activities the legal custodian will be contacted and a conference will be scheduled with the legal custodian, student, nurse and other appropriate persons.
7. Students will not be allowed to self-administer:
 - A. narcotics
 - B. prescription pain killers
 - C. Ritalin
 - D. other medication hereafter designated in writing by WWTC
8. Students may self-administer injectables only in the school office in the presence of authorized school personnel.
9. WWTC strongly recommends that students who must self-medicate should wear Medic Alert bracelets or necklaces.
10. The legal custodian will provide any emergency supply of their student's inhaled asthma medication to be administered by school personnel according to state law.

Nonprescription medication will only be administered by school staff with written authorization of the legal custodian. The nonprescription medication will be administered according to label directions or written instructions from the student's physician. The medication must be in the original container that indicates:

1. student name (affixed to the container)
2. ingredients
3. expiration date
4. dosage and frequency
5. administration route, i.e., oral, drops, etc.
6. other directions as appropriate

Aspirin (acetylsalicylic acid) and products containing salicylic acid will only be administered with written instructions of the student's physician. It is the responsibility of the legal custodian to maintain the supply.

Prescription medication will only be administered by school staff with written authorization and instructions. Prescription medication must be in original container that indicates:

1. student name
2. name and strength of medication and expiration date
3. dosage and directions for administrations
4. name of the licensed physician or dentist
5. date, name, address and phone number of the pharmacy

It is the responsibility of the legal custodian to maintain the supply.

Any medication that is not reclaimed by the legal custodian by the last official day of school closing or reclaimed within seven days of being discontinued by the prescribing physician will be destroyed by the designated employee or the school nurse in the presence of a witness according to the following procedures:

1. Medication will be destroyed in a non-recoverable fashion.
 - A. Liquid medication will be poured into a sink or toilet.

- B. Pills or tablets will be poured into toilet.
2. The following information will be charted on the student's health card and signed by the designated employee and a witness:
- A. Date of destruction
 - B. Time of destruction
 - C. Name and quantity of medication destroyed
 - D. Manner of destruction of medication
3. Any and all controlled substances will be destroyed according to state law. The designated employee will advise the principal and school nurse if discontinuance of medication is appropriate and assist in informing the legal custodian before mailing a discontinuance letter. Legitimate reasons for discontinuing administration of medication would include but not be limited to:
- A. A legitimate lack of space or facility to adequately store specific medication;
 - B. Lack of cooperation by the student, parent of guardian and/or prescribing doctor and WWTC;
 - C. An unexpected and/or adverse medical reaction to the medication at school, i.e., mood change, allergic reaction, etc., considered to be deleterious to the health and well-being of the student;
 - D. Any apparent change in the medication's appearance, odor, or other characteristics that question the quality of the medication; and
 - E. The medication expiration date has passed.

WITHDRAWAL POLICY

Adult students who wish to terminate their enrollment before the end of the school year will need to officially withdraw from their career program. These forms may be obtained through Student Services. Students are required to speak with their advisor/instructor about their intentions of withdrawing and must speak with the Financial Aid Officer.

Secondary student withdrawals will be coordinated with the partner school principal and/or counselor.

Students who do not complete a withdrawal form are considered an unofficial withdrawal. WWTC will use the students last day of academically related attendance as their withdrawal date. When a Title IV Financial Aid student is dismissed or withdraws for any reason, the student may no longer be eligible for the full amount of funds the student was scheduled to receive. Upon returning, the student may owe money to WWTC for the amount returned by the school to the Department of Education. The student will receive a letter from financial aid notifying them of money owed/balance.

REFUND POLICY

If a student withdraws within the first week of enrollment period, eighty percent (80%) of paid tuition for current enrollment period will be refunded. If a student withdraws within the first two weeks of enrollment period, fifty percent (50%) will be refunded. A refund request after the third week of enrollment period will be denied. The school will not have a buy-back policy for books.

Persons requesting a refund should expect a minimum of three (3) weeks from the date of refund request approval to receipt of refund check.

Approved 06/14/07

COMPLETION REQUIREMENTS

In order to qualify for a certificate of completion from WWTC, a student must:

1. Be within the limits of the Attendance Policy and
2. Complete specific requirements of the career program with a passing grade.

If an adult student completes a program before the allotted time (seat), the Financial Aid Officer will have to complete a Return to Title IV for hours that the student were paid and did not attend. Students may owe funds to WWTC or the Department of Education.

Example: A student is enrolled in a 600 clock hour program and completes those course hours in 500 clock hours (seat time). Return of Title IV calculation would be done for the 100 hours the student did not complete. Students should speak with the financial aid officer if they are unsure of how this will affect any money you would have to pay to WWTC and/or Department of Education.

DEFINITION OF FULL-TIME STUDENT – Adult Student

A full-time adult student at WWTC attends six (6) hours per day (30 hours per week). Adult students who attend three (3) hours per day (15 hours per week) are considered half-time students.

Students may request to move from half-time to full-time enrollment status or from full-time to half-time enrollment status. Requests may be considered at beginning of semester.

TRANSCRIPT

Students admitted to any career program of WWTC acknowledge and agree that before they may receive a transcript from WWTC for any course work they must pay all sums in full that are owed to WWTC.

FINANCIAL AID PROGRAMS

The following are the financial aid programs available, if a student qualifies:

Federal Pell Grant (Pell) program: This is a need-based program, and eligibility is pre-determined by the Department of Education.

Oklahoma Tuition Aid Grant program (a state/federally funded program): The program is administrated by the Oklahoma State Regents for Higher Education. The OTAG program is funded with both state and federal government monies.

Other forms of financial assistance available at WWTC are below:

Bureau of Indian Affairs (BIA)	Wetumka Alumni Association Scholarship
Montgomery G.I. Bill - Active Reserve	ESA Scholarship
Oklahoma G.I. Bill (Senate Bill 530)	Physician Manpower
Oklahoma National Guard Tuition Waiver	Williams Scholarship
Oklahoma Promise	WWTC Thirteenth Year Scholarship
Otha Grimes Scholarship	Workers Compensation
Tribal Agencies	WWAVTC Foundation
